Foreword

It is a pleasure and a privilege to submit my ninth Report as Secretary of the Class of 1925. On looking over my earlier letters to you, I recall with nostalgia our college days and I note with pride and pleasure the increasing number of grandfathers in our ranks. But this Report is more than a compilation of vital statistics. If you read through it carefully, you will realize the extent to which our Class has distinguished itself in other fields as well.

My admiration and congratulations go to you all.

Brief statistics of the Class since the Thirtieth Report are:

1. Replies to questionnaire	599
2. Deaths since the Spring of 1955	36
3. Living members	723
(includes 14 for whom we have no address)	

The preparation of this Report is not all fun and games. George Goodspeed, our Report Chairman, says that Miss Ruth Mahoney, Class Report Editor, is "far more than competent, and she handles the work with such skill and good humour that it is a real pleasure to work with her." Mrs. Lucile McMahan, her assistant, has also devoted much of her time to our Report in particular. To these three go our heartfelt thanks.

Best wishes to you all.

Records of the Class

HENRY WARD ABBOT: Retired. *Address*, Hotel Iberia, Cuernavaca, Mexico. *Married*, Eleanor Melendy, Sept. 12, 1936, Greenwich, Conn. (died Oct. 9, 1953). *Child*, Henry Ward, Jr., Harvard '59, May 7, 1938.

I retired in 1955 and have been living in Cuernavaca for the past three years. The climate is unbelievable — sunny 360 days a year; summer afternoon temperatures run in the mid-seventies and winter in the mid-sixties! And servants are a dime a dozen.

My son, Henry Ward, Jr., is now in Newport, Rhode Island, at the Naval Officers' Training School.

JOHN ADAMS ABBOTT: Medicine (Psychiatry). *Home Address*, Beaver Pond Rd., Lincoln, Mass. *Office Address*, Massachusetts General Hospital, Boston 14, Mass. *Married*, Diana Asken Ballin, Aug. 9, 1945, Concord, Mass. *Children*, Peter Michael, Oct. 9, 1952; Rosemary Livermore, Oct. 23, 1953.

I continue to practise neurology, increasingly restricted to electroencephalography and psychiatry, increasingly expanding in the direction of long-term psychiatric treatment and in time, I hope, group psychotherapy. A very modest sprinkling of the usual appointments and scientific presentations goes along with these activities as *pater familias* and townsman of Lincoln. Diversions continue to be gardening and logic (both perhaps about to bear fruit) and such sports as serve for the instruction of two young children.

HERBERT SPENCER ABEL died December 3, 1934, at Providence, R.I.

* ROBERT LOUIS ABELL: *Address*, 1119 St. Paul St., Baltimore, Md.

NATHAN GABRIEL ABRAHAMSON died May 17, 1950, at Brighton, Mass.

JAMES DONALD ADAMS: Banking. *Home Address*, 484 Wilder St., Lowell, Mass. *Office Address*, The Central Savings Bank, Lowell, Mass. *Married*, Marjorie Budd, Feb. 16, 1929 (divorced 1950); Emily Whyte Holden, May 20, 1951. *Child*, Gay Marden, May 19, 1930 (*m.* Rev. William J. Kitto). *Grandchildren*, Dawn Bronwyn Kitto, July 3, 1953; Jonathan Kob Kitto (adopted) June 1, 1958; Kerrie Del Kitto (adopted) April 24, 1959.

Assistant treasurer, Central Savings Bank, Lowell, Massachusetts. President, Lowell Harvard Club, 1954. Treasurer, Lowell Visiting Nurse Association, since 1956, and the Lowell Community Concert Association, since 1959. Member, budget committee and incorporator, United Fund of Greater Lowell, since 1958. Chairman of trustees and building fund committee, Eliot Presbyterian Church; song leader, Lowell Rotary Club.

JEREMIAH QUINCY ADAMS: Retired. *Home Address*, 2615 Bowen Rd., S.E., Washington 20, D.C.

In these days of burgeoning population, it is most unusual for a school, especially a senior high school, to be closed. Yet that has happened to the Armstrong Technical High School here in Washington, D.C., June 30, 1958. I was graduated from this institution in 1915, was appointed to teach physical education there in October, 1928, and remained on its faculty until it was closed.

Fortuitously, the writer had some connection with this event. Plans for the closing activities were developed by the faculty, the student council, the graduating class, and the alumni. All decided to mount a bronze plaque in memory of the school and to bury beneath it a scroll which was signed by each member of the faculty and by all the students. I was selected to author the text of the plaque. It reads:

A Memorial
Armstrong Technical High School
1900-1958
Love of Home — Pride in Country
Respect for Mankind

I retired on November 30, 1958, and since that time have been an active participant in the adult education movement. I am aware of the immense value such a movement will have for the new urban rank and file negro who has begun a postwar trek to the North.

I plan to complete a book entitled, *The Armstrong Technical High School (Fifty Years of Secondary Education in the Nation's Capital)*.

JOHN ADAMS, JR.: Physican. *Home and Office Address*, 704 Huntington Ave., Boston, Mass. *Married*, Mary Danker, April 25, 1931, Brookline, Mass. *Children*, Patricia, March 17, 1934; Joan, July 1, 1938.

As noted previously, and: consulting dermatologist, Free Hospital for Women, Brookline, Massachusetts; president, Boston Dermatological Society, 1957-59; chairman, medical advisory committee, Visiting Nurse Association of Boston; awarded twenty-five-year pin for service to Massachusetts General Hospital, 1957; awarded twenty-five-year plaque and Harvard chair from Harvard University in 1958 for teaching, department of dermatology, Harvard Medical School.

CARL RUPERT ADDINALL: Chemical Consultant. *Home Address*, 746 Belvidere Ave., Westfield, N.J. *Married*, Anna Maria Augusta Josephson, Sept. 20, 1947, Rahway, N.J.

Foreign scientific adviser to Merck & Company, Inc., until retirement at the end of 1955. Since then consultant to Merck, Sharp & Dohme Research Laboratories and to Compañía Española de Penicilina y Antibióticos, Madrid. Have continued actively as abstractor and was recently appointed section editor of *Chemical Abstracts*.

* HERBERT EDMUND AITKEN: *Address*, 26 Mill St., Dalton, Mass.

FRANK GUTHRIE AKERS: Retired. *Address*, 250 N. Ocean Blvd., Palm Beach, Fla. *Married*, Gerry Geddes, May 20, 1928, Southboro, Mass. *Children*, Frank Guthrie, Jr., April 25, 1929 (*m.* Nancy Brewster); Matthew Love, Oct. 26, 1930 (*m.* Laurel Phelps Tower); Michael, Sept. 12, 1934 (*m.* Eleanor Wheeler). *Grandchildren*, Nancy Page Akers, July 16, 1959, daughter of Frank and Nancy Akers; David Michael Akers, April 25, 1956, Allan Dale Akers, Jan. 14, 1959, sons of Michael and Eleanor Akers.

There is peace to be had in a simpler role —
God gave man fish to rest his soul.

GEORGE SAMUEL ALBERTS: Lawyer. *Home Address*, 40 Solon St., Newton 61, Mass. *Office Address*, 73 Tremont St., Boston 8, Mass. *Married*, Sylvia Rosenthal, Dec. 10, 1933, Boston, Mass. *Children*, Alan R., Harvard '58, May 20, 1936; Ann C., May 4, 1944.

RICHARD STODDARD ALDRICH: Director of U.S. Economic Aid Mission; Minister of Embassy for Economic Affairs. *Present Address*, % American Embassy, Madrid, Spain. *Permanent Address*, 36 W. 44th St., New York, N.Y. *Married*, Helen Beals, Nov. 5, 1927, New York, N.Y. (divorced January, 1936); Gertrude Lawrence, July 4, 1940, Dennis, Mass. (died Sept. 6, 1952); Elizabeth Boyd, June 18, 1955, Tangier, Morocco. *Children*, Richard Stoddard, Jr., July 10, 1929 (*m.* Margot LeBoutillier); David Beals, Harvard '52, Feb. 17, 1931 (*m.* Lorraine Carter); Susan Poythress, Jan. 9, 1957; Mary Joy, Oct. 31, 1958. *Grandchild*, David Beals Aldrich, Jr., October, 1955.

In the spring of 1955, I took an indefinite leave of absence from theatrical activities, both Broadway producing and Cape Cod summer theatre operations, retaining only my financial interest in the National Theatre, Washington, D.C. I entered the employ of the United States for the third time in my life (the first was in the U.S. Navy, 1941–45, the second in the Central Intelligence Agency, 1951–52) as deputy director of the U.S. Operations Mission to Spain representing the International Cooperation Administration in the field. In June, 1955, Miss Elizabeth Boyd of New Orleans and New York City, in response to my urgent cables, flew to Madrid, then on to Tangier, where we were married at the American consulate.

In May, 1956, I was made director of the Economic Aid Mission and Counselor of Embassy for Economic Affairs, and in October, 1957, President Eisenhower appointed me Minister of Embassy for Economic Affairs. During the entire period I had the pleasure of serving under my old friend and classmate, John Davis Lodge, the American Ambassador to Spain, who, incidentally, has done the best job ever performed by a United States ambassador in Spain — ask any Spaniard! He will agree and add as well how much Francesca and Beatrice have done too. During the past five years my able staff and I, with the advice and assistance of our ambassador, have supervised grants and loans to Spain of over one billion one hundred million dollars (\$1,100,000,000).

My book, *Gertrude Lawrence as Mrs. A*, remained on the *New*

York Times best-seller list about thirty weeks. My two small daughters were born in Madrid in a Spanish hospital with a Spanish doctor attending and a Spanish nurse in charge. We have spent two "home leaves" of about two months each at Dennis on Cape Cod. My wife and I have traveled to every corner of Spain and also to England, France, Italy, Austria, Greece, Libya and Tunisia. Many friends and acquaintances have passed through Madrid, for this country is fast becoming a most popular tourist mecca; the people are friendly and prices are not exorbitant. No one knows what the future may bring, but I must say that life has been very good to me these past five years.

NATHANIEL DRAPER WHITIN ALLEN: Banking. *Home Address*, 37 Hancock St., Boston, Mass. *Office Address*, First National Bank of Boston, 67 Milk St., Boston, Mass.

Assistant vice-president, First National Bank of Boston.

LOUIS ALPERT died August 17, 1947, at Middleboro, Mass.

ROBERT HUNT AMES: Directory Department, Telephone Company. *Home Address*, R.D. 1, Whitenack Rd., Basking Ridge, N.J. *Office Address*, New Jersey Bell Telephone Co., 85 Park Ave., Glen Ridge, N.J. *Married*, Dorothy Waldau, Sept. 7, 1929, Jersey City, N.J. *Children*, Priscilla Hunt, June 21, 1930 (*m.* Donald Clayton Hildum); William Whitney, 2d, April 5, 1932 (died Jan. 9, 1949); Richard Fisher, April 22, 1936 (*m.* Maureen Victoria Long); Robert Francis, May 2, 1941. *Grandchildren*, Edward Ames Hildum, March 13, 1957; Robert Morrison Hildum, March 10, 1959; Geoffrey Francis Ames, Feb. 4, 1959.

MALCOLM FRANKLIN AMSDEN: Broker. *Home Address*, 98 Dartmouth Ave., Dedham, Mass. *Office Address*, 53 State St., Boston, Mass. *Married*, Susanne Rogers, July 23, 1943, Los Angeles, Calif. *Child*, Malcolm Franklin, Jr., Dec. 22, 1944.

Member, Boston Stock Exchange; associate member of the Philadelphia-Baltimore Stock Exchange and the Pittsburgh Stock Exchange; commissioner, Norfolk County Mosquito Control Board; director, Norfolk County Tuberculosis Association and the Dedham

Little League, Inc.; member of the Finance Committee, Town of Dedham, the Shooting Committee, Dedham, and the Country and Polo Club. Major in the United States Marine Corps Reserve.

LORING BEAL ANDREWS: Insurance. *Home Address*, 300 Clayton Rd., Scarsdale, N.Y. *Office Address*, Church Life Insurance Co., 20 Exchange Pl., New York 5, N.Y. *Married*, Flora Hinckley Andrews, March 27, 1934, Newton, Mass. *Children*, Loring Beal, Jr., March 5, 1935; Benjamin Hinckley, Jan. 22, 1940; Gordon Clark, March 25, 1941.

Since 1953 I have occupied my present business post — assistant vice-president in charge of sales management. Avocationally, the two main threads of my long-time interests have developed into nearly professional status. Work for the church has led to the vice-chairmanship of the Stewardship Council of the Reformed Church in America. That for the Republican Party has led to membership on the executive committee of the Party's organization in the Town of Greenburgh, New York, and to key positions in each year's campaigns. A newly-formed commitment with the Edgemont Adult Education School has closed the circle of my life in one respect by returning me to my first professional work, teaching in my original field of astronomy. That at least one of our three sons would continue the Harvard tradition in the family has not been in the cards. Loring, Jr., graduated from M.I.T. and is an engineer with Sperry Gyroscope. Ben is in the Navy with college the future prospect, and Gordon is a freshman at Dartmouth.

JOHN KAPPELER ARNOLD died August 26, 1959, at Boston, Mass.

MORTON ARNOLD: Ophthalmology and Otolaryngology. *Home Address*, Windham Center, Conn. *Office Address*, 29 North St., Willimantic, Conn. *Married*, Ruby Inez Russ, Dec. 15, 1934, New York, N.Y. *Children*, Morton Richard, Nov. 30, 1936; Susan Ann, March 2, 1944.

Since our Thirtieth Report, I have served as president of the Windham Community Hospital staff, president of the Connecticut State Eye, Ear, Nose & Throat Society, and on various state medical committees. At present, I am on the board of councillors of the National Medical Foundation of Eye Care and still serve as chief

of the eye, ear, nose, and throat service of our local hospital. In community affairs, I have been vice-president of our Chamber of Commerce, treasurer of our Community Chest, and president of our Chapter of the American Cancer Society. For relaxation, Ruby and I and the former "small fry" who are now the "big fry" go to our home at Golden Beach, Florida. We also like to travel and this spring plan to visit Italy and Greece.

RALPH KIRK ASKEW, JR.: Art Dealer. *Home Address*, R.D. 1, East Greenville, Pa. *Office Address*, 11 E. 57th St., New York 22, N.Y. *Married*, Constance Atwood, May 18, 1929, New York, N.Y. *Children*, Pamela, Feb. 2, 1925 (stepchild); Phoebe, Dec. 17, 1930 (*m.* Paul Des Marais); Atwood, March 15, 1932 (*m.* David Richardson). *Grandchildren*, Susanna Des Marais, 1954; Nathaniel Des Marais, 1955; Kate Des Marais, 1957; Thomas Des Marais, December, 1958; David Richardson, 1953; Theodore Richardson, 1957.

GEORGE BOSWORTH ASPINWALL: Meat Packing. *Home Address*, Whitehall Road, Ellicott City, Md. *Office Address*, Corkran, Hill & Co., 1001 S. Dukeland St., Baltimore 23, Md. *Married*, Mary Luke Scheifly, June 26, 1926, Kingston, Pa. *Child*, Mary-Louise, June 29, 1929 (*m.* John F. Knapp). *Grandchildren*, Lucy Aspinwall Knapp, Sept. 20, 1952; Mary Neumaker Knapp, April 22, 1954; John Francis Knapp, Jr., March 23, 1957.

Still head of the provision department of Corkran, Hill and Company.

LINDSLEY AUSTIN: Realtor and Trustee. *Home Address*, 423-A Portlock Rd., Honolulu, Hawaii. *Office Address*, 925 Fort St., Honolulu, Hawaii. *Married*, Beatrice MacDonald, April 25, 1930, San Francisco, Calif. *Children*, Ariana, June 23, 1933 (*m.* Daniel J. Fairbanks, Jr.); James Walker, July 14, 1936.

I am continuing to enjoy life in the new fiftieth state of Hawaii, whose statehood was inevitable, but unacceptable to about ten per cent of the citizens, myself among them, who voted "No." I hope I enjoy living in the state as well as I had in the territory for the past thirty-five years.

I am a more or less retired realtor-appraiser, and during the past years acquired a number of minor directorships, plus a directorship

in the Bishop Trust Company, Ltd., Hawaii's second largest trust company.

I am still a class AA skeet shooter, continue to run my twenty-six-year-old skeet club, and, in spite of oncoming age, manage to get in considerable shooting and fishing, as well as maintaining a ten handicap in golf.

WILLIAM MASON AUSTIN: President of Steel and Machinery Company. *Home Address*, 766 Chestnut St., Needham, Mass. *Office Address*, Austin-Hastings Co., Inc., 226 Binney St., Cambridge, Mass. *Married*, Marjorie L. Weld, Feb. 12, 1927, New York, N.Y. (divorced 1934); Dorothy Richards, Dec. 20, 1934, Cambridge, Mass. *Children*, Marjory Weld, Nov. 22, 1927 (*m.* Richard I. Johnson); Francis Reed, Dec. 21, 1929 (*m.* Barbara Hall); Katherine Richards, Dec. 29, 1936. *Grandchildren*, Carolyn Hall Austin, Oct. 10, 1951; Francis Reed Austin, Jr., March 17, 1953; William Fisher Austin, May 25, 1955; Sally Weld Johnson, Jan. 19, 1955; Marjory Weld Johnson, July 28, 1956.

During the past five years it has been very gratifying to have my son, Francis (Larry) Austin, take an active interest in the family steel and machinery business originally founded in Boston in 1845. Naturally, my chief interest is my immediate family and grandchildren, endeavoring to expose them to the many wonderful opportunities I experienced at their age, and I must confess they have reacted like ducks to water. Hunting, fishing, and coastwise "stink-potting" take up my spare time and vacation periods, with many fascinating and exciting experiences included. Besides serving on former directorates, I enjoyed the privilege of being president for two years of the Dedham Country and Polo Club, which I may add has some surprising features.

The general steel strike of 114 days has naturally affected our business operations adversely. In reality it isn't actually so much a steel strike as a smoke screen to determine whether management or unions will control this industry. Although the issue is far from a definite settlement, believe me my "dough" is on management!

DAVID FREDERICK BABSON: Scout Executive. *Home Address*, 55 Elmwood Ave., Waterbury, Conn. *Office Address*, Boy Scouts of America, 43 E. Main St., Waterbury, Conn. *Married*, Emma Rikert, Sept. 2, 1922, Stanfordville, N.Y. *Children*, David Frederick, Jr.,

Harvard '45, Oct. 19, 1923 (*m.* Jane Frances McCall); Helen Hall, Dec. 25, 1927; Ruth Rikert, Jan. 5, 1931 (*m.* Wilfred Vashni Warner). *Grandchildren*, David Winstead Babson, May 6, 1956; Wilfred Vashni Warner, Jr., June 2, 1954; Frederick Babson Warner, June 10, 1957; Benjamin Hall Warner, June 10, 1958.

WILLIAM BABSON: Hardware. *Home Address*, 1069 Boylston St., Boston, Mass. *Office Address*, Egleston Hardware Co., Roxbury, Mass.

I am still keeping body and soul together by working a minimum of forty-eight hours weekly in the hardware business — but I must admit that carrying around one-hundred-pound kegs of white lead or a few eighty-pound bags of cement mix is a surer cure for a hangover than most prescriptions that I have tried in the past.

HUGO LINDEN BAIR: Surgeon — Ophthalmologist. *Home Address*, 732 Eighth Ave., S.W., Rochester, Minn. *Office Address*, Mayo Clinic, Rochester, Minn. *Married*, Harriet Sullivan, June 22, 1929, Boston, Mass. *Children*, Hugo Linden, Jr., March 1, 1934; Timothy M., Jan. 19, 1941; Molly and Sally (twins), Jan. 8, 1942.

I am still practising ophthalmology with the Mayo Clinic and like it. Extraneous activities are more curtailed, family and professional activities more demanding.

FRANK BURKETT BAIRD, JR.: Retired. *Address*, 925 Delaware Ave., Buffalo 9, N.Y.

Spend nearly all my time in travel, which I've always enjoyed.

EDGAR HOWES BAKER, JR. died July 6, 1950, at Cambridge, Mass.

GEORGE PIERCE BAKER: Professor of Transportation. *Home Address*, 805 Brush Hill Rd., Milton 86, Mass. *Office Address*, Harvard University, 133 Baker Library, Soldiers Field, Boston 63, Mass. *Married*, Ruth Bremer, Sept. 4, 1926, West Dover, Vt. *Children*, George Pierce, Jr., Harvard '53, M.D., '57, June 15, 1931 (*m.* Katherine Elliott); Sarah Bremer, March 30, 1934 (*m.* Alexander Uhle); Ruth Hopkinson, Dec. 19, 1937; Elizabeth Farnsworth, Sept. 24, 1941. *Grandchildren*, George Pierce Baker, 3d; Robert Elliott Baker.

Teaching and reorganizing the doctoral program at the Harvard

Business School, plus being president of an association that tries to get airlines, railroads, trucking, and water carrier companies — as well as users and investors in transportation — together on national policies, has kept me adequately busy. I've had a few government assignments to fill up any spare time.

JOHN DENISON BALDWIN died September 26, 1946, at Sydney, Australia.

THOMAS BANES: Trustee. *Home Address*, 16 Longview Drive, Marblehead, Mass. *Office Address*, 19 Congress St., Boston 9, Mass. *Married*, Charlotte R. Robson, June 18, 1951, Marblehead, Mass.

JAMES OUTRAM BANGS: Banking. *Home Address*, 44 Summer St., Nahant, Mass. *Office Address*, Fiduciary Trust Co., 10 Post Office Sq., Boston, Mass. *Married*, Dorothea Frothingham, Sept. 12, 1936, Beverly Farms, Mass. *Children*, Lucy Jandon (*m.* Robert R. Batchelder) and Diana Outram (twins), July 22, 1938; Jonathan, Jan. 8, 1943. *Grandchild*, Diana O. Batchelder, June 3, 1959.

Vice-president and treasurer of the Fiduciary Trust Company.

NORTON BARBER: Lawyer. *Home Address*, 20 Monument Ave., Bennington, Vt. *Office Address*, 469 Main St., Bennington, Vt. *Married*, Marcia L. Stevens, Sept. 10, 1932, Hoosick Falls, N.Y. *Children*, Orion Metcalf, Harvard '57, Oct. 20, 1935; Nancy Stoughton, Univ. of Vermont '61, July 31, 1938; Elizabeth Stevens, Feb. 26, 1945; Jonathan Luman, Oct. 25, 1949.

Since our Thirtieth Anniversary Report, I have continued right here in Bennington where I hope to live out my days. A small town law practice continues to be pretty time-consuming and has made it apparent that in self-defense I must pull in my ears a little as regards extracurricular activities. However, a Vermont lawyer has to do something besides practise law, and I had already become somewhat interested in educational matters five years ago. This resulted partly from my having chaired a state conference on education and worked on a committee appointed by the State Board of Education to study and rewrite the law relating to the formation of union high school districts. There had been such objection to the previous law

that school districts refused to take advantage of it. As a result of the changes proposed by the committee, the law was amended, many union districts have been formed, and school building has increased greatly in Vermont with the aid of the state. In 1955 I was appointed a member of the State Board of Education for a six-year term. This has given me a view of state government from the standpoint of one of its departments as distinguished from my previous legislative experience. We have been through the Sputnik scare, the demand for more mathematics, and other recent phenomena which the whole country has experienced. Vermont appears to be coming out on an even keel with a sensible program.

Am still a member of the board of corporators of the local hospital and recently went on the board of directors of the Union Mutual Fire Insurance Company of Montpelier. Problems of local government continue to be one of my main interests, and it is barely possible that some twenty-four years of work on Bennington's town and village governments may culminate in a partial consolidation of municipalities in March (1960). Since I helped draw the Consolidation Act and am still town counsel, undoubtedly I'll be in the middle if things don't work right.

Bar Association work continues to demand some attention, though not on the previous scale. The advantages of a law practice in a small state, where one knows most of the members of the profession over the entire area, still appeal to me. Vermont lawyers are usually satisfied to rely on a word spoken over the telephone, where in the larger centers no agreement is made except by a writing duly signed. I also continue to enjoy the associations resulting from my membership on the State Board of Bar Examiners. Each year, having tried to get more or less up to date on a given subject, I try to write an examination on it which contains sensible questions which I can at least pretend to answer intelligently myself.

PHILIP WILLSON BARBER: President, Conferences, Inc., Property Ownership; Chairman of Board, Barber & Baar Associates, Inc., Public Relations. *Home Address*, Lenox, Mass. *Office Address*, Music Inn, Lenox, Mass. *Married*, Stephanie Frey, June 17, 1947, New York, N.Y. *Children*, Willson Benn (by previous marriage), July 29, 1937; Benjamin Reynolds (by previous marriage), Aug. 2, 1939; Charles Victor, March 16, 1956; Hilary Williams, Nov. 25, 1958.

RICHARD MALONE BARBER: Lawyer. *Home Address*, 2234 Jefferson Ave., Memphis, Tenn. *Office Address*, 205 Sterick Bldg., Memphis, Tenn. *Married*, Harriette Beckham, Aug. 25, 1934, Memphis, Tenn.

I am still hammering away at the same old legal problems, with some interesting excursions into farming and real estate. As a result of rather extensive outdoor activities, I am now in better physical condition than at any time since army service in World War II.

GEORGE ELY BARKER: Finance. *Home Address*, 1657 Cambridge St., Apt. 10, Cambridge 38, Mass. *Office Address*, First National Bank of Boston, 67 Milk St., Boston, Mass. *Married*, Ann Stewart, April 16, 1927, Framingham, Mass.

No changes in business and home life in recent years. A greying of the hair and a slowing of one's steps, to be sure. Otherwise, the Barkers are well and await the years of retirement at Stephentown, New York.

LAURENCE JUSTIN BARNES died July 13, 1957, at East Sebago, Maine.

ISAAC MARGOLIS BARNETT: Lawyer. *Home Address*, 304 Roselle Ave., Cedarhurst, Long Island, N.Y. *Office Address*, 60 E. 42d St., New York 17, N.Y. *Married*, Evelyn Safran, May 5, 1931, New York, N.Y. *Children*, Joan, April 19, 1933 (died Aug. 7, 1934); Barbara, March 13, 1935 (*m.* John Faxon Wing); Patricia, May 19, 1938. *Grandchild*, Audrey Susan Wing, Feb. 4, 1938.

Since the last Report I have continued to engage, as a partner in the firm of Silver, Saperstein & Barnett, in the general practice of law in New York City. I have also continued my interest in the United Cerebral Palsy Association, being chairman of the legislative committee of the national organization and counsel to the Nassau County affiliate.

The ordinary tenor was decidedly alleviated this last summer when my wife, daughter Pat and I visited our daughter Barbara, our son-in-law John, and our delightful granddaughter Audrey in Antwerp, on two separate occasions during the course of our sight-seeing excursion through Europe. Since John's job will keep him and his family in Belgium for at least a year, these visits were an absolute necessity for the grandparents' morale.

RICHARD CARRINGTON BARRETT died January 26, 1957, at Hartford, Conn.

ROGER AVERY BARTON: Editor, *Media/scope Magazine*. *Home Address*, 22 Arlington Ave., Caldwell, N.J. *Office Address*, 420 Lexington Ave., New York 17, N.Y. *Married*, Priscilla M. Sargent, Sept. 10, 1932, North Weymouth, Mass. *Children*, Seth Sargent, Jan. 26, 1938; Deborah Ann, Nov. 16, 1942.

Since June, 1957, I have been editor of *Media/scope Magazine*, published by Standard Rate & Data Service, Inc. This is a magazine devoted to the buying of advertising space and time. I launched

the magazine on a commercial basis, and we have made good progress.

Between 1955 and 1957 I was project director and public relations director at Alfred Politz Research, Inc., New York. Previously, I had been editor of *Advertising Agency Magazine*. I have been lecturing in advertising at the Graduate School of Business, Columbia University, since 1947. In 1955, I published two books, *Advertising Agency Operations and Management*, and *How to Watch Birds*.

I finished twenty-one years in the active U.S. Army Reserve in June, 1959, and have been transferred to the retired reserve. My whole service has been in military intelligence and psychological warfare.

In the past five years, I have been to most of the areas of the United States and to several in Canada. These trips have been devoted partly to bird watching and partly to giving talks before advertising clubs. Target areas for bird finding in 1960 are Iceland and Ireland.

EDWARD HOLLAND BATES: Building Contractor. *Home Address*, 846 Lilac Drive, Santa Barbara, Calif. *Office Address*, 17 E. Carrillo St., Santa Barbara, Calif. *Married*, Julia Bygrave, Aug. 31, 1936, Concord, Mass. *Children*, Channing, Feb. 15, 1943; Cynthia, July 6, 1945.

I am still in the building business in Santa Barbara. It offers plenty of competition, and a real challenge if you make your living by it, as I do. Since my last report, I have built myself a house on the edge of town. Landscaping and watering shrubs would probably best describe my diversion at the moment.

In June, 1960, I'll be in Andover at my son's graduation, and definitely expect to be present at our Thirty-fifth Anniversary Reunion.

JOSEPH MARTIN BATTAGLIA: Guest House Proprietor. *Home Address*, 81 Marion St., Brookline 46, Mass. *Office Address*, Marion Guest House, 81 Marion St., Brookline 46, Mass.

Six months after our Thirtieth Reunion I bought a Charles Addams-type rooming house — when I want to gild the lily, I call it a guest house — in Brookline. As a result of my experience in this business, I have developed a strong antipathy toward the American public and can hardly wait until the hydrogen bomb proves to be a boon to mankind by exterminating the aforesaid public.

There is nothing much else to report except that I am still a bachelor and still play jazz piano. My second hobby is philanthropic. I collect pliofilm garment bags and give them to children to play with.

From 1955 until January, 1958, I continued my work in the Department of State in connection with the establishment of the International Atomic Energy Agency and in the disarmament negotiations. In January, 1958, I left the government and entered into the practice of law in Washington, D.C. I am maintaining my interest in international developments in the field of atomic energy. I have written three articles dealing with various aspects of the International Atomic Energy Agency and am a consultant to the International Division of the Atomic Energy Commission. I have undertaken a project sponsored by the Brookings Institution to produce a study of the disarmament negotiations after World War II and their relation to our foreign policy.

After six years in Paris starting just after *the* Reunion of 1950, I came home to make Americans of my teen-age children. We learned a lot about a lot of people during our development of engineering in Paris, Athens, Tehran, Italy, and Ethiopia. We do commercial airports, military installations, roads and bridges, schools in Iran, docks and barge service across Rezayieh Lake in northwest Iran, and thirty airfields in Ethiopia where the people are so separated by lack of roads that they are completely different in looks, customs, and language as little as half an hour away by plane. Only the plane keeps them linked to the King who is indeed "King of Kings."

Now I am responsible for all our foreign works — some four hundred strong — with base in New York but making several coordination trips each year. This leaves less time than I should like for sailing but is very rewarding in contact with people in many lands. I have found them friendly everywhere.

BERNARD BETTMAN: Professor of Chemistry. *Home Address*, Park Avenue, Woolrich, Pa. *Office Address*, State Teachers College, Lock Haven, Pa. *Married*, Barbara Louise Colson, Dec. 19, 1948, Charleston, S.C. *Child*, Marjory, Sept. 22, 1952.

In 1958 I changed jobs, not being able to take the deep South any longer. To make a satisfactory change is not easy for one in his mid-fifties. I enjoy living in the beautiful mountainous surroundings of the Susquehanna River valley of central Pennsylvania. I still play the piano and travel as much as ever. I have spent a night in 1280 different places in the world.

The past five years have been a period of readjustment for me and my family since I had already left the music profession after a stretch of twenty years as organist and choirmaster at Columbia University in New York, was ordained priest in the Episcopal Church and tackled the job of professor of speech and music at the Virginia Seminary in Alexandria. During this time our elder son was

married, our younger son got his A.B. in music from Harvard and we sold our farm on North Haven Island in Maine. Life hasn't been dull but it has been different.

I have done little worthy of note personally since our Thirtieth Anniversary Reunion, but my two children have — David producing two fine children and Sally, one — all three boys. David is a Unitarian minister in one of the bigger churches in Dallas, Texas,

and Sally is married to a college professor and they are holding forth in Honolulu, Hawaii, at the University of Hawaii.

I had a serious heart operation in 1957 which turned out completely successful and I have been living a fairly normal life since then on a slightly reduced social schedule. I still enjoy my work at the First National Bank of Boston and find it hard to realize that retirement is not more than eight years away!

Our children have selected diversified careers. Beginning with the oldest, Jerry is a naval officer; Bill is home office representative for a life insurance company; Virginia is an actress; and Chris an applicant for Harvard five years hence. This past summer Virginia had a part in "Red Letter Day" with Gloria Swanson on the summer stock circuit.

Rose and I continue our work, and in the summertime we relax and keep cool in a little house in Little Compton, Rhode Island. Golf is my hobby and I am hacking away to an ever-increasing handicap.

Too late for the Thirtieth Anniversary Report was my A.B. degree received in June, 1955. After passing my divisionals in 1925, I flunked a half-course and did not make up the work until thirty years later. I was accepted as an undergraduate at the age of fifty-two and struggled through a half-course in economics. My son Bill graduated from Harvard two years before I did.

ABNER KELLOGG BURTT: Development Engineer. *Home Address*, 917 Prairie Ave., Downers Grove, Ill. *Office Address*, Hawthorne Plant, Western Electric Co., Chicago 33, Ill. *Married*, Evelyn

Grenier, Feb. 19, 1938, Wheaton, Ill. *Child*, Catherine Irene, Jan. 2, 1939.

Since the last Class Report, I have advanced slowly but surely in my profession as an engineer with the telephone company, and now hold a position of responsibility. As my golf game improves, the prospect of retirement from my work within the next few years and moving to the southwest section of the country appeals to me.

DOUGLAS SWAIN BYERS: Archaeologist. *Home Address*, Phillips Street, Andover, Mass. *Office Address*, R. S. Peabody Foundation for Archaeology, Box 71, Andover, Mass. *Married*, Dorothy Hayes, June 15, 1929, Andover, Mass. *Children*, Corinne Weston, Oct. 5, 1933; William, Jan. 27, 1936 (*m.* Shirley Anne Zierer); Marjorie Hayes, May 28, 1939.

As director of the R. S. Peabody Foundation, I am still doing business at the old stand, digging up Indians and trying to piece together what remains of New England's prehistory. It becomes more involved each year. We now have a fairly reliable date for man in eastern Massachusetts at about 7000 B.C., and in Maine at some time prior to 4000 B.C., but this is not the earliest there by any means.

We have been actively trying to set up a new museum display in Andover, and this has led to new ideas and techniques. Have been dabbling in many things peripheral to running a museum, from publication to punch-card records for bibliographic data and so forth, and find the field limited only by time.

My interests remain "outdoorsy" and include tree-farm operation of woodlots under selective cutting and sustained yield program. I also enjoy sailing and cruising when opportunity offers. Can provide reasonable entertainment, ice, transportation to Merrill & Hinckley's, baths and sundry comforts at Blue Hill, Maine, in summer time, or a mooring for cruisers when *Abanaki* isn't on it.

I am continually writing dull archaeological papers for scholarly journals, and eventually hope to tell the prehistory of Maine as I see it when we get all the odd relics behind glass in the new hall.

The Society for American Archaeology takes some of my time in the capacity of a member of the executive committee and sundry other committees. The Robert Abbe Museum at Bar Harbor also suffers bravely while I serve on its board of directors.

If anyone hears of a fossil elephant in the East please let me

know; there are no recent records of such finds east of the Hudson, but one might turn up any day.

My work is writing speeches, articles and position papers for the management of the Pennsylvania Railroad. My pleasure, which is shared with my wife, is watching and I hope helping my boys grow up and get educated in the old sense of that battered word.

The past five years have been taken up with moving from Lake Forest, Illinois, to the top of a hill near Gladstone, New Jersey, building a house, tearing out dead trees, planting trees, gardening, and building a long road up a steep incline that becomes a challenge in the winter. Little time for anything else.

GEORGE EDWIN CARR died February 24, 1950, at Malden, Mass.

CHARLES GOODWIN CARTER died January 18, 1960, at Boston, Mass.

JAMES ALBERT CARTER: Schoolmaster. *Home Address*, 11 Whitelawn Ave., Milton 87, Mass. *Office Address*, Milton Academy, Milton 86, Mass. *Married*, Martha K. Knight, June 20, 1955, Milton, Mass.

During the past five years my activities and interests have continued much as before. I am still at Milton Academy (now in my thirty-second year) as teacher of Latin and Greek; I am a member of the Latin committee of the Secondary Education Board — an activity which takes me to Manhattan twice a year; and, through my interest in the classics and the Cum Laude Society, I find myself in touch with education for almost the entire twelve months of the year. My wife and I do manage to spend a quiet and very pleasant summer in New London, New Hampshire, after having explored the far west and Europe in recent summers.

If I have any particular philosophy of life, I should like to think that it is Solon's *bon mot*: "I grow old, always learning many things" — far more than as a Harvard freshman I ever thought possible.

* EDWARD JOSEPH CASEY: *Address*, 9 Lockeland Ave., Arlington 74, Mass.

EDWARD SEARS CASTLE: Education — Professor of Physiology. *Home Address*, 42 Walker St., Cambridge 38, Mass. *Office Address*,

(divorced 1954). *Child*, John Lyon, 3d, Harvard '63, March 28, 1941.

My responsibilities as associate dean of the School of Medicine of Western Reserve University are in the area of student affairs. It is a great privilege to work with the splendid young people who are preparing for a career in medicine. I have published several papers on subjects pertaining to medical education.

My principal extra-curricular activities are carried out as a member of the following: the Committee on Research and Education of the Association of American Medical Colleges; the Committee on Professional Education of the National Foundation; and the National Advisory Council on Vocational Rehabilitation, Office of Vocational Rehabilitation, U.S. Department of Health, Education and Welfare.

WALTER LEEDS CHAPIN: Life Insurance. *Home Address*, 2128 Stanford Ave., St. Paul 5, Minn. *Office Address*, Minnesota Mutual Life Insurance Co., Victory Square, St. Paul, Minn. *Married*, Frances Rowe Fleming, June 10, 1933, St. Paul, Minn. *Children*, Walter Leeds, 3d, Harvard '57, June 8, 1935; George Duncan, Nov. 10, 1943; Deborah, April 17, 1947.

Second vice-president and actuary engaged in developing group insurance and pension plans for my longtime (since 1925) employer. Fellow, Society of Actuaries. My main diversion lately has been to build a house for summer use.

GEORGE THORNDIKE CHASE: Retired. *Address*, P.O. Box 374, Pawling, N.Y. *Married*, Elizabeth L. Andrews, Oct. 10, 1925, New York, N.Y. *Children*, George Thorndike, 3d, Feb. 10, 1927; Charlotte Elizabeth, April 5, 1929 (*m.* Alan C. Hatch); Barbara Town-

PHILIP WIGGLESWORTH CHASE: Geologist. *Home Address*, Little Sewickley Creek, Sewickley P.O., Pa. *Office Address*, United States Steel Corp., Pittsburgh, Pa. *Married*, Josephine G. Graton, June 16, 1934, Cambridge, Mass. *Children*, Nancy Temple, May 11, 1936 (*m.* William Caragan); Philip Graton, Sept. 14, 1945; Alfred Bowman, March 11, 1948. *Grandchild*, Josephine Lamont Caragan, Aug. 10, 1958.

During the past five years I have sampled the life of a Pittsburgh suburbanite and commuter, fortunately interspersed liberally with trips to Europe, Africa and South America in quest of raw materials for the United States Steel Corporation. Our "farm" in Sewickley, Pennsylvania, on which we have a few of almost everything from bees to ducks to egg plants to nectarines, takes up much of our spare time, with skiing, whitewater canoeing and fishing during their respective seasons.

JACK PORTMAN CHESNEY died February 6, 1931, at Kansas City, Mo.

JOSIAH HUMPHREY CHILD: Architect. *Home Address*, 192 Beacon St., Boston, Mass. *Office Address*, Child, Lawrence & Shannon, 711 Boylston St., Boston, Mass. *Married*, Marion Wells, March 1, 1960. *Children* (by previous marriage), Josiah Humphrey, Jr., Harvard '49, Aug. 8, 1926 (*m.* Susan Furlow); Anne H., June 27, 1929 (*m.* Hugo Weber); Edwin Dodge, Dec. 8, 1941. *Grandchildren*, Marion Cajori, Jan. 19, 1950, daughter of Anne Child and Charles Cajori; Lucas Weber, Feb. 8, 1955, son of Anne Child and Hugo Weber; Susan Child, July 23, 1952; Margaret Harrison Child, Jan. 21, 1956.

In 1955 I became a partner in the firm of Child, Lawrence & Shannon, Architects & Engineers, which established offices at 711 Boylston Street. I had previously shared offices with James Lawrence, Jr., '29, and John Shannon at 50 Beacon Street, when I was a partner of Ames, Child & Graves. This new partnership has proved to be rewarding in many ways and has given us the opportunity

to design all types of buildings, including a State Beach which won the Boston Arts Festival Prize in 1958.

And now, I am taking on a new and exciting job for part of the year, that of co-manager of an inn in Provincetown, Massachusetts. This came about because on March 1 of this year I married Mrs. Marion Wells, the owner and manager of Seascape House. I am now looking forward to an even more active and diversified life and hope that during the summer months many of my classmates will find time to look in upon us there at the end of the Cape.

My younger son, Edwin, son of Eleanor Dodge Child, who died in 1948, is a freshman at Cornell University and appears to be getting much out of the college of his choice.

WILMON BLACKMAR CHIPMAN died December 26, 1943, at Winchester, Mass.

I am still a pastor in Rockland County, New York. I have served for over five years as the chairman of our denomination's Committee on Chaplains in the Armed Forces. In February, 1959, I was selected for promotion to the rank of captain in the U.S. Naval Reserve, with which I have been affiliated since December 31, 1940. My better nine-tenths and I have been richly blessed in our children and grandchildren. Our faith in the Lord Jesus Christ is as deep and true as ever.

REYNOLDS GETTMAN CLARK: Manufacturing. *Home Address*, 681 S. Oxford Rd., Grosse Pointe 31, Mich. *Office Address*, Power

Tool Co., 14515 Puritan, Detroit, Mich. *Married*, Eleanor Ridgely Brown, June 8, 1929, Springfield, Mass. (divorced 1948); Virginia Ferguson Paddock, July 11, 1953. *Children*, John Phelps, Sept. 28, 1932 (*m.* Mary Frances Thompson); Anne Reynolds, Oct. 29, 1940 (*m.* Lee Benedict Ficks).

Life really began in full for me July 11, 1953. Past and present smoothed the way for a delightful future which we now all enjoy together. Detroit is a great sports town, so we never lack for spectator enjoyment. Actively, my wife is a top golfer and my sailboat keeps me busy. I am Michigan sales manager for the Speedway Division of the Power Tool Company. There seems to be no end to the demand for portable electric tools for the do-it-yourselfer, so business has tripled over the past five years.

Upon completion of twenty years of satisfactory Army service I was transferred to the retired Reserve in March, 1957, with the grade of lieutenant colonel. I then assumed the duties of director of the University Union at Bowling Green State University. This union was opened in April, 1958, and has been acclaimed as one of the finest in the country.

ALFRED CODMAN, JR.: Sales Representative. *Home Address*, 6 Oakvale Rd., Framingham, Mass. *Office Address*, J. C. Hall Co., Pawtucket, R.I. *Married*, Ann Clark, Aug. 22, 1942, Boston, Mass.

Nothing new since the Thirtieth Anniversary Report — except we are five years older. At times we feel it. I travel a little more for my company (bank stationers and lithographers), including the whole state of Vermont and part of New Hampshire — and old Massachusetts. Thank the Lord my wife likes to drive, or it would break my ever-aching back. But I'm still trying to figure out how the hell I can put her on the expense account. Still hope to be around for the Fiftieth.

EDWIN HORN CODMAN: Administrative Aide. *Home Address*, 1743 Beacon St., Waban 68, Mass. *Office Address*, Research and Development Div., Raytheon Co., Wayland, Mass. *Married*, Mary Josephine Harrison, April 19, 1950, Cambridge, Mass.

After so many years perhaps I should have become a philosopher and look with casual disdain at the events of the past five, which seem to have passed with great rapidity though uneventfully. I have experienced hardly anything new or exciting. I am living in the same house and holding down the same job, yet I view life with enthusiasm and still hope by good fortune to achieve some small accomplishments such as playing a round of golf in the low eighties or mastering some of the complexities of the stock market and benefiting modestly thereby.

Last year my wife, Jo, and I traveled to England, where the weather and people both treated us most graciously. Generally, however, I am quite content to stay near Boston and enjoy the suburban way of life in this part of the country.

ROBERT BARROWS COE: Landscape Architect. *Home Address*, 1232 Rebecca Drive, Alexandria, Va. *Office Address*, U.S. Air Force, Third St. and Adams Drive, Washington, D.C. *Married*, Cara Costen, July 10, 1943, Norris, Tenn.

Air Base Planning Division, U.S. Air Force. Interests: archaeology and gardening.

JULIAN HIRSHE COHN: Retail Merchant. *Home Address*, 151 Southamptn Ave., Berkeley, Calif. *Office Address*, Mademoiselle, 115 Berkeley Sq., Berkeley 4, Calif. *Married*, Gretchen Cole, Jan. 5, 1935, Washington, D.C. (divorced 1944); Toni Raine, May 18, 1946, Washington, D.C. *Child*, Julie, Sept. 30, 1937.

I moved to Berkeley in February, 1953, and assumed ownership of Mademoiselle, ladies' specialty shop. I have been very active in the local Chamber of Commerce, Downtown Merchants' Association, and Retail Trade Bureau. I have served for one and one-half years on the Joint Committee for the Redevelopment of Downtown Berkeley, and have also been a member of the board of directors of Temple Beth El, Berkeley.

Since coming to Berkeley my chief diversions have been gardening and oil painting (the latter strictly a Sunday affair). My wife and I have just returned from a six-weeks tour of the Orient, having visited Bangkok, Angkor Wat (Cambodia), Hong Kong, and Japan.

EDWIN MUNCKS COLE: Neurologist and Psychiatrist. *Home Address*, Beaver Pond Road, Lincoln, Mass. *Office Address*, 275 Charles St., Boston 14, Mass. *Married*, Lucy C. Fiske, April 6, 1934, New York, N.Y. *Children*, Abigail, June 6, 1937; Timothy, Sept. 7, 1938; Jennifer, July 22, 1941.

I have continued in active practice as a neurologist and psychiatrist in Boston and environs. An interesting part of my work has been as psychiatrist at the Massachusetts Institute of Technology, and I am also on the teaching staff at Harvard Medical School.

My chief extra-curricular activity has been as chairman and life trustee of our local Lincoln Public Library. This latter work has been interesting and rewarding beyond all expectations.

JOHN YOUNGLOVE COLE: Mining and Law. *Address*, 2930 Ramona St., Palo Alto, Calif. *Married*, Cicily Ainsworth, March 15, 1933, New York, N.Y. *Child*, John Younglove, Jr., June 13, 1936.

JOSEPH KINNEY COLLINS: Lawyer. *Home Address*, Main Street, Norwell, Mass. *Office Address*, Collins & Collins, 53 State St., Boston 9, Mass. *Married*, Grace Mullooney, Oct. 17, 1931, Brookline, Mass. *Children*, Grace, Nov. 10, 1933 (*m.* Warren J. MacIsaac); Susan, April 24, 1937. *Grandchild*, Helen Ann MacIsaac, June 10, 1959.

Still in general practice of law with my father, William E. Collins, who is in his sixtieth year at the bar. We moved to Norwell (at one time called South Scituate) in the summer of 1957. In May of 1959, we sailed for Europe and "superintended" the birth of our first grandchild in southern Switzerland. On the continent for the month of June, we also visited Paris, Florence, and Rome. This provincial highly recommends similar financial indiscretions.

LORING CONANT: Executive Secretary, Trustees of Reservations. *Home Address*, 914 High St., Dedham, Mass. *Office Address*, Trustees of Reservations, 224 Adams St., Milton, Mass. *Married*, Leonida Elizabeth Hennick, Jan. 30, 1932, Wellesley Hills, Mass. *Children*, Loring, Jr., Harvard '61, Aug. 15, 1939; Anne Kingsbury, Radcliffe '54, Dec. 24, 1932 (*m.* Walter J. Gamble). *Grandchild*, Robert Loring Gamble, Jan. 22, 1960.

After thirty years in the wool business, I finally gave up the quest for the "golden fleece" and on June 10, 1958, closed the door to my Summer Street office in Boston to become executive secretary of the Trustees of Reservations, a private organization incorporated in the year 1891 to preserve places of natural beauty and historic interest in the state of Massachusetts. This new assignment has great fascination and interest in providing the opportunity to preserve for future generations some of the scenic open space areas in this state.

Advancing years seem to have put a crescendo on participation

in my outdoor interests of fly fishing, bird study and photography. The weeks and years are far too short but are extremely pleasant and lead to a happy life with my family and friends.

DANIEL MICHAUX COXE: Anthracite Coal Land Agent. *Home Address*, Main Road, Drifton, Luzerne Co., Pa. *Office Address*, Drifton, Luzerne Co., Pa. *Married*, Dorothy Weld, Aug. 9, 1927, Santa Barbara, Calif. *Children*, Brinton, Harvard '49, June 15, 1928; Weld, Harvard '51, Nov. 9, 1929 (*m.* Georgia Mattison). *Grandchildren*, Robin Mattison Coxe, Nov. 23, 1951; Sally Morrison Coxe, Dec. 8, 1954; Donald Mattison Coxe, May 27, 1956.

I am still living in Drifton, Pennsylvania, and working in what remains of the anthracite coal business. It is a good life with lots of time for reading and thinking.

I, as an ex-25, and my two sons, Brinton, ex-'49, who is a bachelor and a petroleum engineer working all over the world, and Weld, ex-'51, who is living in suburban Philadelphia and working for the Pennsylvania Railroad, all consider ourselves Harvard men and are very proud of the fact. This, in spite of the fact that my grandson, Donald Mattison Coxe, who was born since the 1950 Report, is in the unique position of having four Yale grandparents, as Mrs. Coxe

and I and Mr. and Mrs. Mattison, my daughter-in-law's parents, all attended Yale graduate schools.

EDWARD FREEMAN CRAIG: Owner of a Music and Sound Effects Library for Scoring Industrial Films. *Home Address*, 546 Wynnewood Rd., Pelham Manor, N.Y. *Office Address*, Music Sound Track Service, 1600 Broadway, New York 19, N.Y. *Married*, Theresa M. Five years older and grayer since 1955, still in the same business at the same location, scoring TV and travel films that other more adventurous folk make. My three boys are growing up fine and my wife and I are looking forward to the Thirty-fifth Anniversary Reunion. Be seeing you all.

FRANCIS VALENTINE CRANE: Retired from Tanning Business. *Home Address*, "Crane Point," P.O. Box 245, Marathon, Fla. *Married*, Mary Winslow Allen, Aug. 27, 1927, Norwood, Mass.

In the Thirtieth Anniversary Report I said that technicians, surgeons, brokers and lawyers all had had a field day. Since then I have managed to eliminate the surgeons, mainly because of their great skill during the previous five-year period, but I continue to be fair game for the others!

"Crane Hammock," our residential development, is going forward nicely with twenty-one lots, totaling over twenty-five per cent, of the "Hammock" sold.

The most important single accomplishment since 1955 has been the construction and, in February, 1959, the opening here on the Florida Keys of the Southwest Museum of the North American Indian, sponsored by the Crane Foundation, an educational non-profit corporation established by Mary and me. During this first year of operation our museum register recorded visitors from forty-seven states, including Hawaii, Canadian provinces, four Latin-American countries, England, Scotland, Northern Ireland, six European nations and the Ukraine.

1960 finds me a governor of the Fisherman's Hospital of the Florida Keys and a member of the Fund-raising and Building Committee. I don't have as much opportunity as I would like to partake of the wonderful fishing right at our door!

THOMPSON BAKER CRANE: Journalist — Senior Copy Editor. *Home Address*, Avery Rd., Garrison, N.Y. *Office Address*, Business Week, 330 W. 42d St., New York, N.Y. *Married*, Marguerite Moyer, Nov. 15, 1930, Paris, France.

THOMAS JOHNSTONE CRAWFORD: Consulting Engineer (Welding). *Home and Office Address*, P.O. Box 171, Gaylord, Mich. *Married*, Edith Griffiths, July 22, 1932 (divorced 1940); Eloise Elizabeth Hewitt, June 21, 1941, Youngstown, Ohio. *Children*, Thomas Joseph, Oct. 25, 1934; Nancy Louise, June 20, 1936; Jean Elizabeth, July 16, 1942; Peter Hewitt, July 18, 1943.

For the past fifteen years, I have been acting as an individual consultant in all phases of engineering involving welding. Have been granted some fifty or sixty United States and foreign patents in this field; these have enjoyed some considerable commercial success.

During the past three years, I have been gradually moving my principal residence and office to Gaylord, in the ski country of Michigan, from the Detroit area where I have been located since 1946. I find that I can readily commute the 200 miles to Detroit in little more than an hour in my light plane.

Sad to say, it appears that I shall miss the Reunion this year, since I must be in Belgium that week as an American representative to the annual meeting of the International Institute of Welding.

Currently, I am also president of C. E. Phillips Company of Detroit and a director of Mid-South Equipment Company of Atlanta, Georgia. I also have a small research company: Crawford Engineering Company, of Gaylord, Michigan. My interests in the southeast seem to be expanding and we are considering establishing another part-time residence in Georgia or Florida.

My principal business (senior vice-president of the American Mutual Liability Insurance Company) continues to be looking after the company's investment portfolio; hence I would appreciate hearing from any classmate who knows where interest rates and the stock market are going. I am also president of the Lexington Savings Bank. For the year 1948-9 I was president of the Boston Security Analysts Society. My only foreign travel was in 1957, when I went to Europe with Margaret and son Bob to visit Ginny, who was studying at the Sorbonne. She took us around. She is now teaching French at Columbia. Bob is at Worcester Tech. John is a sophomore in high school. I became a ham in 1956 and my call is W1NSE.

I liquidated my business in 1957 and since then have been spending some time with the Francis Ouimet Caddie Scholarship Fund, a charitable corporation helping needy Massachusetts caddies obtain a college education. I am still interested in local affairs in the town of Belmont, serving as a member of the finance committee and a town meeting member. We still have our farm in Madbury, New Hampshire, where we expect to spend more and more time as the years roll by. My daughter, Margaret, is engaged to

be married to Harold E. Merrick, Jr., Colgate '54, of Staten Island, N.Y.

I do not have much to report except for a sort of change of life. I ceased being a "business man" and for a few years I was consultant to the U.S.A.F. In October, 1956, Alec White asked me to serve as his assistant on the Program for Harvard College. So for the past three years, I have been indeed busy in extracting money from classmates and others. It has been a fine assignment — interesting, enjoyable, and of course in a cause in which I thoroughly believe. I

now see ahead of me several years of raising money — but not as a professional — for Harvard, Sarah Lawrence, and a few others. I must be one of the few who find this enjoyable.

CHARLES VAN BRUNT CUSHMAN: Lieutenant Colonel, U.S. Air Force. *Home Address*, 8900 Talisman Drive, Sacramento 20, Calif. *Office Address*, 4134 Strategic Wing SAC, Mather Air Force Base, Calif. *Married* Mary Addeman Elliott, June 26, 1923, Thompson, Conn. Doughty, Jr.; Elizabeth Anne Doughty.

In March, 1951, I was recalled to active duty in the U.S. Air Force and was assigned to the office of Assistant Chief of Staff Intelligence in the Pentagon. In 1955, I was sent to Headquarters, U.S. Air Force, Europe, located in Wiesbaden, Germany. In 1958 I returned to the United States and proceeded immediately to Mather Air Force Base, California. My assignment: Chief of the Intelligence Division of the 4134th Strategic Wing, Strategic Air Command, the first of the SAC wings to be reorganized under the dispersal concept.

Since I have been in the military service off and on since college days, the Massachusetts National Guard, Squadron A., New York National Guard, and then service in World War II and the Korean war, I have decided to see it through until retirement in 1960. I shall probably remain on the Pacific coast after that time, since most of my children and grandchildren are living in this area.

Nothing new to report except that son Geoffrey is at present in the Army in Japan after a year's duty in Korea; and I survived two newspaper strikes, first the mailers and then the typographical union, in the past three years with no particular inconvenience.

My business continues in the professional design and layout of large-scale feeding facilities (hospitals, hotels, universities, office and industrial), among them the Air Force Academy, as well as in management counsel and aid in improving food preparation and service, along with substantial savings in operating costs. For four years I was a director of Hotel Corporation of America. I have revised my book, *Kitchen Planning*, published by Harper's.

Nothing much new to report. Still doing business at the same old stand in the same old way (assistant vice-president). Have developed a consuming interest in Hi-Fi, even though my technical friends tell me that middle-aged ears no longer can hear the higher frequencies.

For the past five years, I have continued to work for the same organization I have been affiliated with since leaving college. The amount of work — company, civic, and other of extracurricular nature — has tended to increase rather than diminish as the years roll on. All of this combined has necessitated much traveling both here and abroad.

As I recall, our last Report was made ten years ago at the time of our Twenty-fifth Reunion. It is difficult to realize that within another ten years most of us will be leading a retired life and have little to report upon except our golf scores.

ROBERT MAURICE DAVIDSON: Lawyer. *Home Address*, 117-01 Park Lane S., Kew Gardens 18, N.Y. *Office Address*, 730 Fifth Ave., New York 19, N.Y. *Married*, Luise M. Scheiner, Sept. 29, 1931, Mamaroneck, N.Y. *Children*, Bruce Robert, Sept. 1, 1937; Marcia Luise, Feb. 25, 1944.

After two years with the American Overseas Finance Company as administrator, exporter financing, in 1958 I resumed the practice of law with my brother Frank (Harvard '39) at the above address. In 1958 business took me to Colombia, Panama, and Honduras, and in 1959 to Ecuador. I have maintained my interest in civic affairs by continuing as chairman of the Subcommittee on Courts of the Legislative Committee of the Citizens Union.

Bruce, who graduated from Lehigh University with a B.S. in chemical engineering in 1958, is now employed by the Geigy Chemical Company in McIntosh, Alabama. Marcia, a junior in high school, is still crazy about horses and won her first ribbon for equitation in a horse show last fall. Summers still lure us to the Adirondack mountains for canoeing, swimming, and mountain climbing.

Upon my retirement as principal of Franklin (Massachusetts) High School in June, 1955, after thirty years' service, we contracted a severe case of wanderlust. The following September we were in Tucson, Arizona, teaching at the Southern Arizona School for Boys, enjoying ranch-school life and the Arizona sunshine, returning to Maine each summer of the two years we were there. The trips across country were most rewarding. We were in Fort Lauderdale, Florida, teaching at the Pinecrest School for a year; we returned to Cambridge for a year with Manter Hall School in Harvard Square; last year we were in Connecticut for six months following a four-month Florida vacation; this year we are enjoying our stay in historic Portsmouth, New Hampshire. That old wanderlust is upon us once more, however, and the Pacific northwest is beckoning. Since we have not visited that part of the United States, we undoubtedly shall answer the call.

During the past five years, I have continued as medical director of Employee's Medical Welfare Department of the New York Life Insurance Company. Georgia and I have been presented with six grandchildren — two boys and four girls, who irreverently refer to her as "Dee" and myself as "Stache" (short for mustache). They enjoy our summer place in Orient, Long Island, to the full with swimming, sailing, fishing, etc. As an avocation, I have continued my activities with the New York State Medical Society and the American Medical Association. I serve as trustee of the New York County Medical Society, trustee of Damascus College (Syria), and as director on the boards of the New York City Cancer Committee and American Middle East Relief, Inc. I am a consultant to the New York State Chairman of Workmen's Compensation and to the U.S. Railroad Retirement Board.

Unfortunately, I shall not be at the Thirty-fifth Reunion as I must be at the A.M.A. convention in Miami, Florida, on those dates as a delegate from New York State which has also nominated me to run for A.M.A. trustee this year.

Still enjoying retirement on Martha's Vineyard Island with all the trimmings. My principal change in status since the last Class Report, other than becoming a grandfather at long last, was my recent election as member of the corporation of the Woods Hole Oceanographic Institution. Now I am really in deep water.

Our *Who's Who* is ten years old, but I think in later ones there is still an S. Dow entry if anyone wants the formal facts of the last five years. Add that for three of them I was chairman of history and literature here, trying to restore creative vigor to this field. Lately an invitation to contribute to the new edition of the *Cambridge Ancient History* has come, and from California an offer of the Sather Lectureship for 1963-64. Since these are the two highest honors in the profession, we are practically walking on air. Of course, there is work involved, but we hope to get abroad and forget that for a while. At the time of the Reunion, which we regret missing, we hope to be somewhere between Khartoum and Stockholm (where I have to present a long paper at an International Historical Congress), with a prospect of a trip to Nizni Novgorod in September.

One of the rewards of getting older is seeing things clearer. From where I am, anyone I think would see lots of goodness in lots of places, but he would be patriotic. Yankee ingenuity ought to count in scholarship, and it does. There is a simple formula, and probably you don't have to be a scholar or even a Yankee. Gather all the facts, set them in order, study them from different angles, get in behind and around them — then sleep on it. Next day the

subconscious will produce the answer, like as not, without any effort at all.

For the past two and a half years, I have been associated with the International Schools Foundation in Washington, a new organization interested in the welfare of schools all over the world dedicated to educating the children of people living and working outside their own countries (examples: the American School in Japan, the International School of Djakarta, the Overseas School of Rome, the Lincoln School of Katmandu). My wife and I have just come home from a two-month around-the-world trip on which we participated in a conference of twenty-four such schools in Bangkok during Christmas week, and visited schools in a dozen countries of Asia and Europe.

RICHARD WARREN DWIGHT: Surgeon. *Home Address*, 2 Cedar Rd., Chestnut Hill 67, Mass. *Office Address*, Boston University Medical School, 150 S. Huntington Ave., Boston, Mass.

I continue as assistant chief of surgical service, Boston Veterans Administration Hospital, and associate professor of surgery at Boston University Medical School. Nothing seems to have changed since the Report five years ago, except that I have become involved in some cooperative research with other Veterans Administration hospitals. This has resulted in considerable flying about, even to such unlikely places as Texas and Florida. Otherwise occupation, position, avocations, and age remain unchanged.

The first twenty-five years after college were devoted to watching my children grow up. The last five years history has been repeating itself, only this time it is with my grandchildren. Both of my children are married and seem to be following the pattern of their generation by either having or planning to have large families. Ellen lives in San Francisco, and we go out to see her every winter. This cuts down the opportunity of travel to other parts of the world, but I doubt if we will ever give up the chance of spending three or four weeks with our daughter, her husband, and their children. Tom graduated from Law School last spring and is planning to settle in Milwaukee, where he has taken a job which offers him a marvelous opportunity. This year he and his wife and baby are

living in New York while he clerks for a federal judge, and this gives my wife and me some chance to see him. By next year, Milwaukee will be on our schedule on the way to the West Coast.

I am still connected with Touraine Stores, which do a business in women's clothing in ten cities in the suburbs of Boston. I am vice-president of this organization. I am also president of D. P. Ehrlich Company and Leavitt and Pierce, both of which sell pipes, tobacco, etc. The L&P connection has been quite recent as the Ehrlich Company took them over in 1956. As an old Harvard tradition, Leavitt's has been fun to run. When my brother and I bought it, it had lost most of the quality which it had when we were in college, and we have spent considerable time and effort in working to bring it back to its old position. The pool tables had long since gone when we took it over, and a quick lunch counter was occupying all of one side of the store. We quickly dispensed with that and have tried to fill the store with as many Harvard mementoes as possible, and it now has much of the same flavor it had when we were in college. My extracurricular activities still keep me busy, as I am treasurer of the Boston Girl Scouts, a director of International Student House in Cambridge, and serve on several philanthropic boards.

The past five years have been full ones for us as a family. In July of 1954 I was asked to take charge of neurological surgery at the University of Chicago. The professional opportunity was such that I could not refuse, and so with real regret we left Cincinnati in October of that year, having spent seventeen very happy years with the University there. The family transplanted well, the University of Chicago more than fulfilled its promises, and we have had no regrets over the change for we have not lost our real Cincinnati friends. Meantime, our older boys have done their military service and are continuing in government work. Our second daughter was married several years ago to a Colombian engineer and lives in South America. She has just presented us with a third grandson. Our oldest daughter was married this fall to a young Swiss engineer and now lives in Geneva. We took the occasion of her

wedding to bring to Europe our third daughter who had just completed nursing training at the Royal Victoria Hospital, Montreal, and our three youngest children who are now in school in Fribourg, Switzerland.

At the time of writing; we are just back from a visit to Poland as a part of a three months' leave, during which I am visiting various continental clinics for comparison with earlier experiences in Europe. Incidentally, Hermene and I are trying to refurbish our own thinking. Aside from professional activities with associated medical writing, my chief interest has been in community inter-relationships, particularly of the deterrents to religious assimilation in academic life. I serve on the board of the Hyde Park Neighborhood Club, a neighborhood settlement organization; on the board of the North American Liturgical Conference; and on the President's Council of Xavier University in Cincinnati. My time is mostly occupied, however, with responsibility for a small but active clinical group, for teaching, and for an investigative program dealing with certain diseases of the nervous system.

Since the last Report there has been very little change in my personal status other than the fact that I retired on January 2, 1959. One discovers that this sort of life is a very busy one if one has as many other interests as I have found that I possess. Time does not hang heavy by any means.

I am proud to say that my elder son has finally completed four years of Harvard College with a two-year Army hitch half-way through. My daughter is raising police dogs with a part-time job at the local vet's taking up the balance of her time. My younger son is at present marking time pumping gas at a local filling station trying to decide about his mechanical ability. *Quo vadis?*

Since 1950, I have continued my interest in the U.S. Naval Reserve, being a member of U.S.N.R. Composite Co. 3-1 located in New York City. Bernard Pope Day of our class is also a member of this unit. I have had active duty in April, 1957, at Providence, R.I., attending the National Resources Conference put on and sponsored by the Industrial College of the Armed Forces. Duty also included attending the Naval School of Justice at the U.S. Naval Base, Newport, R.I. (July, 1957); the Naval War College at the Newport base (May and June, 1958); the Office of Industrial Relations Institute at the Pentagon, Washington, D.C. (March and April, 1959); and the National Strategy Seminar at the Naval War College, Washington, D.C. (July, 1959). This course was by invitation and given to 200 selected officers of all Armed Forces from all over the United States. There were some sixty picked speakers, all specialists on various phases of the Communist menace facing the United States today, who addressed us.

The above Navy duty I have had has been invaluable in putting me in touch with those who are the best informed about Communism in this country. I have spent most of my time fighting Communism in this country over the last five years. In 1957 I

became commander of the New York Chapter of the Naval Order of the United States, and a trustee of its Permanent Investment Fund.

From 1953 to 1959 I was director of the Parents Association of Trinity College, Hartford, Connecticut, and was president of the association during 1956-7. I was one of two chosen from the Trinity undergraduates' parents to be a member of their Campaign Steering Committee formed to raise four and a half million dollars for the college; this drive concluded in 1958, having raised over \$4,600,000.

I am now a perpetual life member of the following: Military Order of World Wars; Naval Order of the United States; Military Order of Foreign Wars. In 1958 I became chairman of the Veritas Foundation. I was a director of the Foreign Policy Association of New York from December, 1954, to March, 1958. At present I have been spending my spare time lecturing before groups about the Communist menace and using the material gathered at the National War College. My son is a teacher at the Rectory School, Pomfret, Connecticut. For three of the past five years my wife and I have gone to Florida in the winter, spending most of March at Riomar-Vero Beach. I hope from now on to be able to spend more time wintering in Florida.

Marriage of our two children in 1956 and arrival of our first grandchild in December, 1958, were the highlights of our life these past five years. Summer months since 1941 have been spent in West Falmouth, Mass. The remainder of the year we continue our interests in local Framingham affairs. Merchandising work on the gummed and coated paper division matters for Dennison takes me away from home frequently, while Jinny keeps herself on the go with club and hospital activities. My singing interests continue; I am associate conductor of the Community Choral Society of Framingham, whose founder and conductor, Dr. Edward F. Gilday, has recently been made conductor of the Handel and Haydn Society of Boston.

In May, 1959, we moved from a small apartment near Harvard Square to half a house where we are enjoying more than twice as much space, a garage, and a chance to dig in the dirt. It is like suburban living in the city, with easy commuting.

I continue as a trustee and treasurer of the Eliot School in Jamaica Plain. We do some June fly fishing in Maine and like Cape Cod in September and Vermont in October. We were delighted when my twin brother married the girl who introduced Mary and me to each other.

As our business expands, more and more of my time is spent traveling in Africa, Europe, Latin America, and Scandinavia. Our firm was already active in mineral exploration in Africa and South America, but since it became mineral adviser to the Ministry of Mines and Hydrocarbons of Venezuela, and the Danish Academy of Sciences in 1958, my wife and I never know where we shall be

next. Fortunately, we consider travel fun, and sometimes manage to sneak in three or four weeks of vacation, usually in Europe or Africa.

During 1955 and 1956, was secretary of the Mining and Metallurgical Society of America, and continue to be a director of our two consulting companies. As to hobbies, colored photography, fishing, shooting and boating continue to be my favorites, but I never get time for any of them.

ARNOLD DAVID HOFFMAN: President, Mesabi Iron Company. *Home Address*, 101 Central Park West, New York, N.Y.; Cavendish, Vt. *Office Address*, 452 Fifth Ave., New York 18, N.Y. *Married*, Patricia A. McGreevy, Nov. 5, 1948, Fort Lee, N.J. *Children*, Michael Arnold, Aug. 15, 1949; Jacqueline Ann, Jan. 9, 1954.

In the last five years, my work has been almost exclusively in iron ore. In 1956 I became president of Quebec Cobalt & Exploration, Ltd., a company which discovered large low-grade iron deposits in the Quebec-Labrador area of Canada. With a proved and indicated ore reserve in the order of a billion tons, we succeeded in obtaining the interest of Jones & Laughlin Steel Corporation, and after a two-year period of exploration, this company has leased our property for 100 years. Jones & Laughlin has now been joined by Cleveland Cliffs Iron Company as a partner. In the course of this new association, I became re-acquainted with Howard P. Sharpe, one of our classmates, who is head of Jones and Laughlin's legal department.

The Mesabi Iron Company situation is well known in mining and financial communities. In 1958 I became president after a spirited proxy contest. Mesabi involves the largest low-grade taconite iron ore operation on the Mesabi Iron Range in Minnesota. Mesabi leases were assigned to Reserve Mining Company (Republic and Armco Steel) in 1939 for a consideration of one-third of the net profits. Since production commenced in 1953, litigation has arisen concerning the accounting submitted by Reserve to Mesabi. Because the mine has a life of 100 years at current rates of production, a staggering amount of money is involved. The battle, therefore, waxes hot and heavy. To an old bushwacker, contending with two of the largest steel companies in the country is a novel experience. (Curiously, Reserve's legal brain-trust is headed by one of our classmates.) [Ed. Note: He is W. J. Milde.]

In 1955 my brother Robert, '19, and I organized the Robert and Arnold Hoffman Foundation, Inc., principally for the benefit of Harvard University. We established a loan fund and a scholarship, the latter for "C" students. This generated a nationwide round of publicity which I am glad to say has evoked enthusiastic response, with the result that there are now many similar scholarships, not only at Harvard, but at several other universities.

As diversion, I have lately written the book and lyrics of a musical comedy based on my experiences in northern Canada. Whether or not it is produced remains to be seen, but to date, I have enjoyed the stimulation and fun of authorship, as well as meeting and working with the extraordinary people of the "thitter."

I am director and president of Mesabi Iron Company, Quebec Cobalt & Exploration, Ltd., and Towne Mines Corporation, and director of North American Mines, Inc., and Pioneer Fund, Inc.

Now going into my eighteenth year as a principal in the Tucson public schools, I will be transferred the latter part of this school year to a principalship of a new million-dollar junior high school. I am looking forward to ten more years of service in our schools.

I am a member of local, state, and national education associations; of Phi Delta Kappa; and of the Kiwanis Club. My chief diversion is viewing and attending as many sports events as possible. I regret that distance and time of year have prevented my attendance at Reunions.

One of the firm's clients is the First National City Trust Company, which is trustee of the William Waldorf Astor Estate. A vacancy occurred in the office of the William Waldorf Astor Estate, maintained by the trust company, and I left the law firm on January 1, 1959, to become a vice-president of the trust company. Our office handles the real estate interests of the William Waldorf Astor Estate. My diversions are travel and a little poor golf.

HILLER INNES: Motion Picture Executive. *Home Address*, 50 Sutton Pl., S., New York, N.Y. *Office Address*, Paramount Pictures Corp., 1501 Broadway, New York, N.Y.

Nothing to add to personal biography report since the previous report submitted for our prior major Reunions. I remain production manager of Paramount Pictures Corporation's New York office

and as such executive assistant to the eastern production manager. It is more than a full-time job, I assure you, complicated in recent years by the advent of television, with all its various ramifications, and now more recently complicated by the tremendous growth of electronics. However, we are still making pictures and I rather suspect we shall continue to do so no matter what new developments, related and unrelated to the motion picture industry, occur.

JOHN HENRY ISELIN, JR.: Physician. *Home Address*, 9 Club Way, Hartsdale, N.Y. *Office Address*, New York Telephone Co., 140 West St., New York, N.Y., and Life Extension Examiners, 11 E. 44th St., New York, N.Y. *Married*, Lydia Merrill, Feb. 6, 1926, New York, N.Y. (divorced 1941); Harriet Davis Gesner, Jan. 23, 1942, New York, N.Y. *Children*, Joan Lydia, March 4, 1928 (m. John Hindon Hyde); John Henry, 3d, April 7, 1932 (died April 22, 1952); Alan Davis, July 15, 1943. *Grandchildren*, John James Hindon Hyde, 1951; Barbara Iselin Hyde, 1954.

My position as assistant to the secretary of the Medical Society of the State of New York, which I enjoyed since 1954, was terminated in April, 1959, when the secretary resigned and the society underwent reorganization. Since then I have been enjoying my work as one of several physicians with the New York Telephone Company every morning. The work is particularly enjoyable, chiefly because of the high calibre of the personnel and because it affords one more outlet for my interest in human beings, who are, in my opinion, the most interesting things in life. My work as an examiner for Life Extension Examiners continues as it has been each afternoon since 1952.

I am still a member of the board of directors of the Hartsdale Community Fund. Since the last Report, I have become a member of the Big Brother-Big Sister Committee of the Family Welfare Service of Westchester County, which helps boys and girls from broken homes and those who may have been in trouble with the law. I still enjoy tennis, squash rackets and swimming, especially in the surf.

MAURICE MAX ISEN: Lawyer. *Home Address*, 7 Maple Ave., Cambridge 39, Mass. *Office Address*, 148 State St., Boston 9, Mass. *Married*, Jeannette Hershon, Feb. 1, 1931, Brookline, Mass. *Children*, Brenda Ruth, May 2, 1939; Eric Michael, Oct. 13, 1944.

I have continued to practise law since 1928. I have continued my community activities, being vice-president of Temple Ashkenaz, Cambridge; treasurer of the Hillel Foundation of Cambridge, Inc., which sponsors the Hillel Foundation at Harvard; and Cambridge chairman for the Combined Jewish Appeal of Greater Boston. I think that more interesting than my own activities is the progress of my children, which I find very rewarding so far. My daughter is in her senior year at Radcliffe, and my son a sophomore at Cambridge High and Latin School. I trust that they will be able to continue to develop in the world which, they say, we have fashioned for them. I am also happy to be available to write this little memo.

BERNARD MAX JACOBSON: Physician. *Home Address*, 185 Collins Rd., Waban 68, Mass. *Office Address*, 275 Charles St., Boston 14, Mass. *Married*, Rosalind Siegel, July 16, 1933, Boston, Mass. *Children*, Rachel Susan, Sept. 3, 1936 (*m.* Myron Rosenblum); Esther, June 11, 1939; Alice, Feb. 24, 1941; Abram Robert, Jan. 16, 1948.

Not much to add since the last Report. Busy practice of medicine, teaching at Harvard Medical School, modest investigation in the field of hematology (diseases of the blood). Trout fishing is still my favorite sport. Keeping up with a growing family (two girls in college) emphasizes the present.

SAUL JARCHO: Physician. *Home Address*, 11 W. 69th St., New York 23, N.Y. *Office Address*, 145 Central Park West, New York 23, N.Y. *Married*, Irma Seijo, Oct. 24, 1948, Washington, D.C. *Children*, Thomas Gaylord, March 21, 1951; Andrew Atwater, April 10, 1953.

I am happily married to a bright and cheerful wife (M.P.H., Harvard, '45). We have two energetic sons. About half of my working time is devoted to research in the history of medicine. I continue to feel deeply indebted to Harvard College, and especially to Professors John L. Lowes and E. K. Rand.

After fourteen years in the Massachusetts Legislature, I won the Republican nomination for Congress in the Thirteenth Massachusetts District in 1958. In spite of active help from many of our classmates, I lost the election in the Democratic sweep. I may try again this year and shall be grateful for any assistance.

AUGUST FREEMAN JONES: Education. *Home Address*, 563 W. Central St., Franklin, Mass. *Office Address*, Dean Junior College, Franklin, Mass. *Married*, Alice Prescott, Aug. 18, 1928, Littlejohn Island, Maine.

This is my thirty-second year at Dean. For the past few years I have been teaching courses in social problems and marriage. Summers I serve as postmaster, storekeeper, real estate agent, trucker, boat renter, refuse collector, and member of the board of overseers of our village corporation at Yarmouth, Maine, on Littlejohn Island. It is a varied and wholesome life with few tensions

except minor political ones. Member of the standing committee of my church and chairman of its property committee. Swing around and see me, especially summers (I have seven bedrooms).

FRANKLIN WEEKS JONES: Research Analyst and Area Specialist. *Home Address*, 1627 33d St., N.W., Washington 7, D.C. *Office Address*, Central Intelligence Agency, Washington, D.C. *Married*, Eve G. Caswell, May 12, 1945, New York, N.Y.

The quiet tenor of my career as a civil servant has been enlivened during the past five years by several excursions to Europe, two of them as official area familiarization trips to those countries with which my work is directly concerned, and two as purely pleasure trips, which my wife and I have enjoyed together. Otherwise we have been conforming in general to the kind of life that one finds in Georgetown.

GEORGE ARTHUR JONES died July 12, 1957, at Dedham, Mass.

PHILIP KEENE: Civil Engineer. *Home Address*, 34 Home Ave., Middletown, Conn. *Office Address*, State Highway Dept., Hartford, Conn. *Married*, Fennel Virginia Thornton, Sept. 6, 1941, Middletown, Conn. *Children*, Thomas Philip, Dec. 7, 1943; Charles Thornton, April 29, 1945; David Lacy, April 20, 1949.

I am continuing as head of the soils and foundations engineering division of the Connecticut Highway Department. The work and my personnel continue to expand and I enjoy my part in the

program greatly, because of the production and research aspects of the work. In addition to the usual professional committee work and minor publications, I had an interesting experience last June in serving on a panel of American engineers at a seminar at M.I.T. on soils and foundations problems with six Russian experts in this field.

My family continues healthy and happy. My wife is very active in church and civic activities and we enjoy our contacts with Wesleyan University. Our boys are doing well in school and also have acquired skill in piano and trumpet, as well as basketball, baseball and swimming. To conclude this report of virtue, I shall add that I served as president of the University Club of Middletown and am continuing on two Boy Scout committees.

SYLVESTER BAKER KELLEY: Surgeon. *Home Address*, 34 Exeter St., West Newton 65, Mass. *Office Address*, 412 Beacon St., Boston 15, Mass. *Married*, Hope Elizabeth Hanley, July 29, 1933,

Newtonville, Mass. *Children*, David Baker, March 5, 1935 (*m.* Barbara Gelder); Sarah C., May 11, 1938 (*m.* Charles T. Silversen, Jr.); Jonathan M., Princeton '61, Jan. 11, 1940; Elisabeth M., Jan. 18, 1949. *Grandchild*, David Morse Kelley, Dec. 22, 1958.

Those interested in what has become of Kelley thirty-five years after graduation may visualize him as a surgeon specializing in urology, associated with the Massachusetts General Hospital and other hospitals in suburban Boston, and working like a beaver to keep children in college, meet commitments to charitable institutions, and pay taxes. All this leaves little time for travel or the development of hobbies. For relaxation, I try to outguess the bugs on my apple trees or may just go clamming on the flats at Duxbury.

Despite the press of professional obligations, I have much for which to be very thankful — good health and a grand family. My wife is a fine artist; David will be graduated from Boston University School of Medicine in 1960; Sarah, married to a wonderful Princetonian, expects to receive a degree from the University of Minnesota in 1960; Jonathan has survived three years at Princeton; and Lisa, now eleven, necessitates another ten-year plan for the old gentleman.

Professional associations: American College of Surgeons, New England Surgical Society, Boston Surgical Society. Interests and diversions: Fishing and small boat sailing.

HARRISON EISENBREY KENNARD: Retired. *Home Address*, 246 Dudley Rd., Newton Center 59, Mass.

After illness (1953–55), have retired (at least temporarily) from active practice of surgery. Am now engaged in raising fruit, vegetables, flowers and chickens, here at home in a Boston suburb. Also enjoy serving on corporation of Boston's growing Museum of Science and as one of the directors of Grenfell Mission, with hospitals in Labrador in Newfoundland.

Have been spending long winter vacations riding horseback in the Arizona desert country, far from frosty New England winters.

WILLIAM CALVIN KENNARD: Teacher. *Home Address*, 17 Ruby Ave., Marblehead, Mass. *Office Address*, Perkins School for the Blind, Watertown, Mass. *Married*, Priscilla Wildes, June 28, 1930, Malden, Mass. *Child*, Carolyn, Aug. 27, 1931 (*m.* James Christopher). *Grandchildren*, William Walker Christopher, 1956; Kathryn Ann Christopher, 1958.

I continue to spend the greater part of each year teaching. Recently I joined the faculty of the Perkins School for the Blind. I have found that no better satisfaction can be gained than by teaching these intelligent young people of the upper school here.

In the summers I spend some time on the ranch of my professor son-in-law in Utah, enjoying my grandchildren's company. The remainder of the summer weeks I spend aboard United States Navy transports on cruises to Asia or Europe.

JOHN BELFORT KEOGH: Retired. *Home Address*, % American Embassy, 39 Avenida Duque de Loulé, Lisbon, Portugal. *Married*, Maria da Piédade Pitta de Avillez, Jan. 10, 1949, Lisbon, Portugal.

Occasional articles for Portuguese magazine. Much reading, drawing, fishing, and crew coaching (four-oared, eight-oared, and sculls). Mighty pleased with National Championships won by northern crews I helped coach this summer and with their showing in international regattas. Enjoy American Men's Lunch Group which dines in style every two weeks, and of which our Embassy crowd and heads of American firms are loyal members. Mighty pleasant the past few years having had our classmate, James Bonbright, here as ambassador. Sorry he has been transferred, but rejoice we still have with us as club president the retired ambassador, Lincoln MacVeagh, an old Advocate man. Harvard not forgotten in Portugal, and John Lodge I hope still holds down the fort in Spain for 1925. Song and greeting for every old friend. "Write to me only with thine pen, and I will write with mine."

JOHN JOSEPH KEOUGH: Colonel, USAF, Retired. *Address*, P.O. Box 332, Sea Pine Road, Chatham, Mass. *Married*, Stella Frances Vodrie, Dec. 4, 1926, Laredo, Texas. *Child*, John Joseph, Jr., June 12, 1928 (*m.* Joy Delong). *Grandchild*, John Joseph Keough, 3d, April 4, 1952.

Two years ago we took ourselves and cats to Cape Cod after my Texas wife found the Berkshires too isolated for her gregarious nature. I am neither enchanted nor disappointed with the change, and continue to follow the trivial and frequently aimless pursuits of retirement.

JOHN JAY HICKS KERR died February 20, 1957, at New York, N.Y.

LAWRENCE REEFER KESSEL: General Partner, Lawrence Kessel & Associates. *Home Address*, 4 E. 78th St., New York 21, N.Y. *Office Address*, 4 E. 78th St., New York 21, N.Y. *Married*, Marie Adler, March 25, 1933, Little Rock, Arkansas. *Child*, Laura, March 30, 1940.

Since 1955 I have become a member of the board of directors of American Type Founders Company, Inc.; Sidney Blumenthal & Company, Inc.; Landis Machine Company; United Cities Realty Corporation; Arrow Machinery Company; and I am presently taking a controlling interest in Alden Industries, an organization for industrial and commercial financing.

I have spent some time in Europe each year principally on business, but found time to renew the friendships I made as a young man when I did my studying abroad, and likewise to keep up my old hobby of just being a good traveler. I have made a resolution to begin slowing down following our Reunion in 1975.

DONALD WAIT KEYES: Real Estate. *Home Address*, 151 Bay-side Drive, Atlantic Highlands, N.J.

About two years ago, the going got rough in the theater. A local firm invited me to sell real estate for them and I do. Never thought I could sell anything. Also build houses on a small scale — in some ways it's more fun than building characters.

RAYMOND LINCOLN KILGOUR: Professor of Library Science. *Home Address*, 513 Oswego St., Ann Arbor, Mich. *Office Address*, University of Michigan, Ann Arbor, Mich. *Married*, Sarah Vance, Aug. 24, 1933, Cambridge, Mass. *Child*, Katharine Vance, July 22, 1939.

WALTER HARRINGTON KILHAM, JR.: Partner in Architectural Firm. *Home Address*, 314 N. Maple Ave., Greenwich, Conn. *Office Address*, R. B. O'Conner & W. H. Kilham, Jr., 101 Park Ave., New

The time of this writing finds the National Library of Medicine under construction in Bethesda, Maryland; the long awaited (forty-three years) new Cadet Barracks at West Point out for bids; preliminary plans for the U.S. Embassy, Kabul, Afghanistan, about finished; and work for the Dulles Memorial Library, Princeton, getting under way. Work completed in the past five years includes libraries for Barnard College and the University of Louisville. The Tokeneke School in Darien, Connecticut, was selected for exhibit in the Fine Arts Festival on the Boston Common in 1957, where it won an award.

The airplane has made possible a few short trips to remote places: in particular, to Alaska to photograph the Dall sheep and to the Thelon River, Northwest Territories, to do the same for the vanishing musk oxen. Pre-Columbian architecture has had some follow-up as well, with a trip to Mexico with my wife in 1956, and then to the jungles of Peten in the spring of 1959 to visit the tree-topping ruins of Tikal. The site inspection trip to Kabul gave a chance for short visits in Rome, Teheran, New Delhi, and Japan. One or two illustrated lectures a year usually follow from these activities.

My "do it yourself" activities get further and further behind. After seventeen years, the place in the country is still unfinished, but I generally succeed in making maple syrup each spring for an ever-increasing number of friends, and have kept up with my demands for lumber with my own saw mill, including a supply of wood for office models.

Concerning related activities, I am director and past president of the Fine Arts Federation of New York, trustee of the Abbey Fund, the Fund for Astro-Physical Research, and the American Craftsmen's Council. Some time is usually given each year to visiting one or two universities for the National Architectural Accrediting Board and some more as a visiting critic or lecturer, all of which helps to keep me up to date.

Short articles are written from time to time, including one on libraries in the last edition of the Encyclopedia Britannica. I have just been "taped" for an educational radio program, "Focus on Careers." My only effort in self-improvement before our Thirty-

fifth Anniversary Reunion seems to be an endeavor to learn to read, write, and speak Afghani — *salam-at bashi*.

on a third in the Mediaeval Academy of America's *Corpus Commentariorum Averrois in Aristotelem*. At work on a new book in Jewish history. Have always enjoyed teaching, though there comes a time when the yearning sets in for the opportunity to still the din of one's own voice long enough to meet the challenge of putting ideas to the acid test of definitive written form.

(divorced 1956); Georgette Farrell, April, 1957. *Children*, Harvey Stevens, Sept. 5, 1932 (married); Barry William and Lawrence Edward (twins), June 5, 1935 (both married).

I have become a consultant orthopedic surgeon for many insurance companies and industrial concerns. Much of my time is spent testifying in the Supreme Court where I act as impartial specialist.

My principal interest is trying to make a killing in the stock market which would then give me the opportunity to clip coupons and count my dividends.

The two months' vacation I take every year is spent in visiting the different continents and collecting objects of art or handcrafts representative of the various places we tour. We have a sizable collection at this time and we are now looking forward to our next trip which will take us to the Far East.

RUSSELL CARPENTER LARCOM died March 27, 1959, at Birmingham, Ala.

CARL THEODORE LARSON: Professor of Architecture. *Home Address*, 3575 E. Huron River Drive, Ann Arbor, Mich. *Office Address*, College of Architecture, University of Michigan, Ann Arbor, Mich. *Married*, Marjorie Worthington MacNaught, April 24, 1930, Naples, Italy. *Children*, Ronal Worthington, July 11, 1933 (*m.* Gretchen Anne Ebling); Dana Woodford, June 9, 1936 (*m.* Charlene Mary Koch).

Aside from the personal satisfaction that comes from teaching and being an integral part in the activity of the on-coming generation, there is also a great pleasure, shared with my wife, in watching the careers of our own sons unfold. Both are confirmed Michiganders. Ronal is now employed as a research assistant in the

University of Michigan Research Institute's electron tube laboratory; he expects to get his Ph.D. within the year. Dana has shifted his field from geology to finance; he will get a Master's degree in business administration next June.

Another personal satisfaction has been the privilege of serving as the Ann Arbor area chairman for A Program for Harvard College. This has brought me into close contact with many Harvard men whom I might otherwise not have known. A surprisingly large percentage of the Michigan faculty are Harvard alumni. It is quite understandable why there is such a strong bond between the two institutions.

Professionally, my own interests extend in three directions:

(1) The problem of international development. This interest derives from the stimulating experiences my wife and I had in Indonesia, where we spent four months in 1956 while I served as senior consultant (socio-economics) for the United Nations Technical Assistance Administration at the Regional Housing Center in Bandung. Southeast Asia is a part of the world we'll all be hearing more about in the next few years.

(2) The problem of how to measure the effect of schoolhouse architecture on the teaching-learning process. Recently Educational Facilities Laboratories, Inc., a unit of the Ford Foundation, has given the University of Michigan a grant to start a long-range program of school environments research. This study, for which I have been designated project director, will involve many other disciplines besides architecture.

(3) The problem of what to do about the increasing flood of print. There is a growing need for a dynamic pattern of organization — what I like to call a “development index” — that will permit accumulated information to be processed and stored in electronic machines for speedy selective retrieval by those interested in advancing the frontiers of knowledge.

Believe it or not, all three problems are interwoven and interacting.

Principally, in addition to attending to those duties classed as keeping one's body and soul together, what is left of me continues to derive unceasing gratification from the challenging activity of breeding, showing, judging and training dogs — poodles in particular. I do still find some little time for painting but must confess to a sameness of subject which is invariably a poodle. Fanatic! *Veritas!*

CHARLES MARTIN LERER: Lawyer. *Home Address*, 33 Tremont St., Maynard, Mass. *Office Address*, 74 Main St., Maynard, Mass. *Married*, Ida E. Lehto, April 26, 1936, Greenville, N.H.

After twenty-five years I closed my Boston office and now practise law from my Maynard office. About three years ago, I declined reappointment as town counsel to devote all my time to my private law practice. I am a member of the Middlesex and Massachusetts Bar Associations, the Massachusetts Town Counsels' and City Solicitors' Association, and also am a member of Rotary. I spend my spare time at our summer place at Wingersheek Beach, Gloucester, where the living is easy. I am still president of the Maynard Consumer Credit Union and have been since it was organized ten years ago. Life has been good to me. It is always a pleasure to meet with classmates, and I hope to attend more Class meetings in the future.

There has been no basic change in my activities, vocational and avocational, since my report for 1950. I enjoy teaching at Northeastern University increasingly as the years go by. I think I should have elected pedagogy rather than accounting for a vocation; yet maybe it's more fun to teach avocationally than steadily day after day. As for a philosophy of life, my 1950 statement concerning ambition still holds good.

Anticipating the Thirty-fifth Anniversary Reunion, our Finleys, Hammonds and Carters will agree that Ovid described '25 in his words:

Scilicet ingeniis aliqua est concordia junctis,

Et servat studii foedera quisque sui. —

In truth there is a certain alliance between kindred minds,

And each one cherishes the ties of his own pursuit.

This diversified togetherness marks the biography of our Class.

It was something of a surprise, coming to Boston in '59 to begin the sixth — and presumably last — phase of life since '25 (none of which began in '50). Having come to know a good many parts of the country, it is refreshing to find that this area has retained so much of the distinguished character to which my friends, the natives, used to wish us to salaam those thirty-five years ago. That must be because of these natives and the others they have attracted here, and we are glad to be numbered among the latter.

It was also something of a shock to be in the armament business again, having parted with it presumably forever, after being valet and tinker to so much naval gunnery during the war. Despite their objectives, the past and present implements of that trade represent a high level of human ingenuity. The people who serve them — because the popular need demands such service — are privileged to be living on present-day frontiers. They constantly hope that the ultimate results will help to protect a decent life on the earth, and they are equally constantly seeking for by-product results which may contribute more immediate and specific benefits. Over all is the pervading realization of how tenuous our situation is, despite brotherly hockey games.

Under the circumstances, activities, interests and diversions are absorbed in learning how missile “birds” fly high and become smatteringly familiar with “space.” In spots, our 1918 canoe has been probing the upper reaches of the Charles, which were unreachable via single shell, and the same old feet have been exploring the woodlands nearby. No bird watching — yet.

As an *ave non vale*, a salute to the members of '25 and our close contemporaries who were so greatly responsible for the success of the Program.

After finishing a four-year term as governor of Connecticut in January, 1955, I was appointed Ambassador to Spain by President Eisenhower. I reported for duty in Madrid in March, 1955, and am still serving in that capacity. During this time I have made a number of trips home for State Department consultations, occasional speeches, and leave. This has enabled me to keep in touch with family, friends, and colleagues in public life. I also performed two weeks' annual active duty in the Navy in 1959 with the Second Fleet in the NATO exercise “Riptide,” and, in each of the five preceding years, with the Sixth Fleet in the Mediterranean. I am associated with a number of charities both in the United States and in Spain.

Chairman and chief executive officer of the General Reinsurance Corporation and affiliated companies; director, Marine Midland Trust Company of New York, Texas Gulf Sulphur Company, and United-Greenfield Corporation; trustee, Bowery Savings Bank. *Diversions*: weekending on the eastern shore of Maryland and sailing a small boat up and down the eastern seaboard as opportunity affords — which isn't often enough.

GEORGE P. LUDLAM: Public Service Advertising. *Home Address*, 67 Third St., Garden City, Long Island, N.Y. *Office Address*, Advertising Council, Inc., 25 W. 45th St., New York, N.Y. *Married*, Kathleen Kieffer, Oct. 15, 1943. *Children*, Stephen, April 25, 1947; Anne Brett, June 5, 1950.

Business — a continuation of the same described in 1950 and 1955. I am a vice-president of the Advertising Council, in charge of operations in New York, and also a member of the board of directors.

Interests — somewhere back about 1955 I must have talked too prominently, because since that time I have found myself a founder and first president of the Garden City Citizens Committee on Education, and a member of the New York State Citizens Committee for the Public Schools. I am presently on the Advisory Council of the latter organization, and am also a trustee of Union Free School District 18, Garden City.

Diversions — this spring we swapped our motor-cruiser for a family sailboat, so instead of grounding happily on the sand-banks of Long Island's south shore, as I reported in 1955, we now spend our weekends getting off the rocks and ledges of the *north* shore.

I have completed my thirty-second year as teacher of classical philology at Brown University. In 1957 I sailed on the Battleship *Iowa* to Rio de Janeiro, flew on a Navy plane south then west over the Andes into Santiago, Chile, then north and east up the Pacific coast and back to Norfolk, Virginia. I was civilian observer of the Naval R.O.T.C. training cruise. This summer I worked in my Plum Beach, Saunderstown, Rhode Island, cottage as research assistant to the Yale University Library. My task was to prepare for the St. Thomas More Project, an edition of More's Latin epigrams.

NEIL HOSLER McELROY: Chairman of the Board, Procter & Gamble Co. *Home Address*, 3478 Vista Terr., Cincinnati 8, Ohio. *Office Address*, P.O. Box 599, Cincinnati 1, Ohio. *Married*, Mary Camilla Fry, June 29, 1929, Cincinnati, Ohio. *Children*, Nancy Sue, Dec. 8, 1935; Barbara Ellen, Dec. 20, 1937 (*m.* David S. Dimling); Malcolm Neil, Aug. 16, 1943.

Within a relatively few weeks after leaving college, I went to work for the Procter & Gamble Company and about twenty years later, having progressed through various levels of management of that company, I became its president. I took leave of absence from Procter & Gamble in October, 1957, in order to accept appointment

by President Eisenhower as Secretary of Defense. On December 1, 1959, I resigned from the position of Secretary of Defense, and about a week later was named chairman of the board of the Procter & Gamble Company.

My principal interests, outside of those associated with my family and my business, have been the general betterment of my home community, Cincinnati, and a broad national interest in education. Specific activities in behalf of education include, inter alia, the chairmanship of the President's Committee for the White House Conference on Education (1955); being a Harvard Overseer, president of the Associated Harvard Clubs, and member of the Council for Financial Aid to Education. My business directorships are the Procter & Gamble Company, General Electric Company and Chrysler Corporation.

While in business, I traveled a great deal in this country and around South America, Europe and the Far East. As Secretary of Defense, I re-visited many of these countries and, in addition, made calls on many of the less-traveled countries in the free world complex.

Now that I am back in business, I expect to concentrate on a picking up of business reins and then will gradually resume the many outside activities of an educational and philanthropic character, which took up a good portion of my time before I entered government service.

tinuing interests is the Unitarian Laymen's League, of which I am currently a regional vice-president. Diversion: painting water-color landscapes (very primitive).

I join friends who follow the same routine and generally play nine holes of golf, followed by an hour or two of bridge. My son, Donald, is in his junior year at Harvard and resides at Winthrop House.

FRANCIS McTIERNAN: Retired. *Address*, 1260 Anastasia Ave., Coral Gables, Fla.

The most impressive thing that has happened to me since our last Reunion has been that I have climbed past the sixty mark and am now three score and two. Apart from this epochal Event, life has gone along pretty much as heretofore: enjoying to the full the benefits of Florida living; boating, fishing, swimming, traveling, with, of course, some little time given to business interests. In the summer of 1958, I enjoyed a motor tour of southern Europe — Spain, France, Italy, Switzerland and Austria, and in the summer of 1959, drove across the country to California and then flew to Hawaii for a look at our new fiftieth state. On the return trip, I ran into a little excitement at Yellowstone Park, when the August, 1959, earthquake kept the mountains quivering for a few days.

As many others have done, I participated actively in the fund-raising campaign of A Program for Harvard College, and, as area canvassing chairman, I was proud to have the Miami district go comfortably over the top. Those who were close friends of mine in college will be interested to know that as a result of the Program there will be a memorial plaque to my old chum, Ray (Raeburn Stanley) Hunt, A.M. '23, in one of the student rooms in Leverett House. I have always found our Class Reunions to be happy, stimulating affairs, and I am looking forward to our Thirty-fifth.

WILLIAM MONTGOMERY MAJOR: Car Service — Railroad Passenger Business. *Home Address*, 123 N. Humphrey Ave., Oak Park, Ill. *Office Address*, Pullman Co., Union Station, Chicago, Ill. *Married*, Catherine Maria MacSherry, June 13, 1928 (divorced 1935); Agnes Charlotte Pederson, April 16, 1943. *Children*, Charles Montgomery, July 26, 1930 (*m.* Margaret Schoenbachler); Karrick Lee, March 9, 1945. *Grandchildren*, Paul Major; Yvonne Major.

Principal interests remain unchanged — chess, the life and works of Francois Villon, and naval history. Write for my own amusement, and not for publication. For eleven years edited as a hobby *Chess Life*, the official publication of the United States Chess Federation, but finally became bored with it and chess politics. Remain ungregarious by disposition, but not anti-social. Prefer reading to TV, and music over radio programs. In other words, the times have changed, but I have not. I remain unconvinced that movement in itself necessarily represents progress.

THEODORE HERZL MALMUD: Lawyer; Under-Sheriff of City of New York. *Home Address*, 672 E. 19th St., Brooklyn 30, N.Y. *Office Address*, 851 Grand Concourse, Bronx 51, N.Y. *Married*, Ethel Segall, Jan. 1, 1932, New York, N.Y. *Children*, Elizabeth Rachel, June 30, 1936 (*m.* Herbert Tulchin); Thomas Jonathan, April 7, 1939. *Grandchild*, Steve Tulchin, Oct. 21, 1959.

I have become a leader of a Great Books discussion group which meets under the auspices of the New York Public Library system. It has turned out to be the hardest, most stimulating and most rewarding work I have done in over fifteen years. That work has also resulted in giving me the kind of education I failed to get when I was at college.

Another interest is real estate, which has been financially rewarding. At the moment I am transmuting an apartment house into an office building in the heart of White Plains. And one of my joys has been to do some of the physical labor myself, as well as the planning.

Occasional appearances in relatively distinguished but obscure publications and persistent refusals of my novels by United States publishers pretty well summarize my very slight connection with "civilization."

LLOYD ONDERDONK VERNON MANN: Stockbroker. *Home Address*, 80 East End Ave., New York 28, N.Y. *Office Address*, Cady, Roberts & Co., 488 Madison Ave., New York, N.Y. *Married*, Elizabeth Foster, April 4, 1929 (divorced 1937); Mary Horan, Sept. 6, 1940. *Children*, Mariana Vernon, May 1, 1930 (*m.* Peter Smith); Nancy Lloyd Vernon, Feb. 17, 1932 (*m.* Philip N. My principal activity during the past five years has been the enjoyment of success in achieving a happy marriage and home life, and with that background a far better adjustment to life in business

as an "organization man." Principal diversions are music, boating and motoring (three cross-country trips). Member of the National Association of Accountants, and an honorary citizen of Boystown, Nebraska.

JAMES JAY MAPES died August 9, 1925, at Paris, France.

HAROLD STANLEY MARCUS: Retail Merchant — President, Neiman-Marcus Company. *Home Address*, 1 Nonesuch Rd., Dallas 14, Texas. *Office Address*, Neiman-Marcus Company, Dallas, Texas. *Married*, Mary Cantrell, Nov. 7, 1932, Dallas, Texas. *Children*, Jerrie, Sept. 2, 1936 (*m.* Frederick M. Smith, 2d); Richard, Harvard '60, and Wendy (twins), Oct. 2, 1938. *Grandchild*, Jeanette Marcus Smith, Nov. 29, 1958.

My business activities during the past five years have taken me to Europe annually and around the country on frequent occasions. Neiman-Marcus, the business of which I am president, has added a store in Houston, so I go to this city often. As an Overseer of Harvard I have been given the pleasant reason for coming to Cambridge at regular intervals and since my son, Dick, has been a student during this period it has made those visits doubly pleasurable. I am a director of the Dallas Transit Company, Republic National Bank and have just recently retired as a director of Slick Airways. I have been promoted in rank in the *Legion de Honore* to an *Officier* and I have been given an honorary O.B.E. by Great Britain. I am a *Grand Officier* in the *Confrerie des Chevaliers du Tastevin*, a director of the Dallas Council on World Affairs and the Dallas Symphony Society. I am a trustee and vice-chairman of the board of Hockaday School and a trustee of the Graduate Research Center located on the Southern Methodist University campus. My diversions are in the field of collecting in the areas of contemporary art, primitive sculpture and typography.

MORRIS MARDEN: Professor of Mathematics. *Home Address*, 403 E. Carlisle Ave., Milwaukee 17, Wis. *Office Address*, University of Wisconsin-Milwaukee, Milwaukee, Wis. *Married*, Miriam L. Goldman, Sept. 11, 1932, Boston, Mass. *Children*, Albert, Harvard '56, A.M. '57, Nov. 18, 1934; Philip, June 7, 1937.

Since our thirtieth reunion the principal events in my life have been the establishment of the University of Wisconsin-Milwaukee

in 1956; my appointment as chairman of the mathematics department in 1957; and our trip to Scotland (International Mathematics Congress), Norway, Denmark and Poland (I was invited to give a paper to the Mathematics Institute of the Polish Academy of Sciences) during the summer of 1958. I have also published a few papers in some mathematical periodicals. My son Philip, who graduated from Dartmouth in 1959, is now a second-year student at the University of Wisconsin Medical School.

CHARLES CLIFTON MARKS: Chief Inspector, Credit Company. *Home Address*, 27 Knowles St., Newton Center 59, Mass. *Office Address*, Retail Credit Co., 31 St. James Ave., Boston, Mass. *Married*, Mildred Matlack, Nov. 1, 1926, Marshfield, Mass. *Children*, Charles Clifton, Jr., June 24, 1927 (*m.* Edna Marks); Nancy Jean, Nov. 11, 1948; Patricia Ellen, March 11, 1950.

The two girls named above were my granddaughters but were adopted by my wife and me in 1953.

GUILLERMO SEBASTIÁN MARQUÉS: Medicine. *Home and Office Address*, P.O. Box 786, Arecibo, Puerto Rico. *Married*, Elizabeth M. Weingartner, Feb. 4, 1930, Bethlehem, Pa. (died Dec. 13, 1952); Monserrate Salgado, Aug. 3, 1956, Arecibo, Puerto Rico. *Children*, Guillermo Sebastián, Jr., April 19, 1931 (*m.* Teresa Bibiloni); Luis G., Feb. 3, 1958. *Grandchildren*, Elizabeth Margaret Marqués, April 14, 1954; Guillermo Sebastián Marqués, 3d; Teresa Marqués.

During the past five years I have had to reorganize my life completely, due to the unfortunate death of my first wife and the marriage and subsequent departure from Arecibo of my son. However, my second marriage has been entirely successful, and I am looking forward to pleasant and serene declining age.

My principal interest is the practice of medicine, or rather, in my field of medicine, which is radiology. I am head of the X-ray Department of the Arecibo District Hospital, and visiting radiologist to the Mountain District Hospital, in addition to a lucrative private practice. Besides, I own a 250-acre farm, which makes me a gentleman farmer, although in this field of endeavor I have not been quite successful.

As for diversions, I enjoy the theatre, the opera, symphonic music and light musical comedies, but the ballet remains a mystery

to me. My main hobby is still record collecting, and the record library keeps on growing. However, I have remained safely distant from the so-called "stereo" recordings.

I belong to a few professional associations, in addition to the usual social clubs, but my main interest centers around my home and my family. And at dusk, after a day of hard toil, the silent, detached contemplation of the olive in a martini glass epitomizes most eloquently the end of a perfect day.

JOHN MARSHALL: Foundation Executive. *Home Address*, 45 Christopher St., New York 14, N.Y. *Office Address*, Rockefeller Foundation, 49 W. 49th St., New York, N.Y. *Married*, Mary Crandon Gardner, June 9, 1928, Portland, Maine. *Children*, Mary Elizabeth, Radcliffe '56, March 29, 1935 (*m.* Peter Dale Scott); Anne, Nov. 14, 1939. *Grandchild*, Catharine Dale Scott, May, 14, 1959.

Until August, 1959, I continued in the same work that had occupied me for twenty-six years, as associate director for the humanities in the Rockefeller Foundation, until 1958 still working overseas in the Middle East, after that in Europe, although always based on New York. In August, 1959, I was assigned as the Foundation's director of the Villa Serbelloni at Bellagio on Lake Como, which was left to the Foundation by the late Princess Della Torre e Tasso to be used for purposes connected with international understanding.

The hobby of cooking, which first developed in the Graduate School of Arts and Sciences, eventuated in the publication in 1959 by Duell, Sloan and Pearce of a cookbook, *Classic Cooking: A New Approach to French Cuisine*. I serve as a trustee of the Buxton School in Williamstown, Massachusetts, and as a member of the board of the John Anson Kittredge Educational Fund.

FRANK LEONARD MARTIN: Teacher — Head of Spanish and Italian Department. *Home Address*, 140 Adams St., Lexington 73, Mass. *Office Address*, Somerville High School, Somerville, Mass. *Married*, Mary E. Gill, April 24, 1942, Somerville, Mass. *Children*, Nancy Elizabeth, Nov. 24, 1945; Susan Marie, Jan. 15, 1948; Frank Leonard, Jr., Dec. 14, 1949.

President and director of the Somerville School Employees Federal Credit Union since 1947. Trying to get it to grow a little each year has taken good care of spare time.

CHARLES MARX, JR., died February 5, 1927, at New York, N.Y.

CHARLES COFFIN MASON died August 13, 1931, at South Hadley, Mass.

* HARDING TREMAIN MASON: *Address*, The New Yorker, 25 W. 43rd St., New York 36, N.Y.

SAUL SELIG MASON: Mail Clerk. *Home Address*, 54 Nightingale St., Dorchester, Mass.

One of the gratifications of devoted parenthood is the recovery from a long illness of a sick child. This, plus the ex-patient's necessary adjustment to the workaday world, seems properly understood by the Children's Hospital Medical Center, where I work as a relief clerk in the mail-room. Though the job isn't over-demanding, the pay is better than that of some of the professional, more difficult ones, where the compensation is chiefly in terms of experience: student nurses and interns, for instance. Nor should I omit the example of the many "unknowns," including the selfless souls of the Women's Committee whose recompense consists mainly of "the Lord's choicest blessings," though this group provides, through sundry tasks, much of the lubricant that makes the wheels go 'round. These are the people who feel that when a kid is sick, the parent needs "treatment" too, and afternoon teas for visiting parents are but one of their several functions.

Some of the cures at the hospital are quite dramatic, and here one sees nature imitating the art of the soap opera wherein the humblest scrubwoman becomes conscious of her identity as part of the team. There's something of a vicarious thrill working in the shadow of the bee-hives where East and West collaborate, and important phases in the history of medical science are always in the making — this in an atmosphere charged with the philosophy that the purpose of life is simply — more, and useful, life.

At this stage, my personal hope is for a well-rounded life of normal activity that will help delete those bitter, frustrating interludes of the past.

After the Twenty-fifth Reunion, we left for Italy, where we spent six happy years in Naples and Rome. Five years were devoted to duty as films officer at the embassy, with the rank of attaché. Returned to California and set up housekeeping in Santa Barbara. The work at the Pacific Missile Range involves fascinating historical work, in all its aspects. On the home front, we are enjoying an older home under ancient oaks, with views of ocean and mountains. Many of our college friends are here, and others come to visit. Our children attend a fine school — Crane Country Day — and we join in school and community activities in this most pleasant area. The best excuse for tearing ourselves away from here briefly will be our Thirty-fifth Reunion, which we plan to attend.

Quite unintentionally I have been busier during the past five years than ever before in the practice of law, both on the firing line and as one of the few elders in my law office. I am a director of the Ohio Brass Company (Mansfield), the Richman Brothers Company (Cleveland) and the Green River Basin Corporation (Wyoming) and a trustee of Albert A. List Foundation (Connecticut), but have spent most of my time in these last years in natural gas rate activities and in arbitration and legal proceedings relating to an immense new taconite iron ore enterprise in Minnesota. My added diversion has been attempting, when insomnia strikes, anything from water colors to oil portraits.

Recent years of living in New York City exurbia have gone very fast, probably because there doesn't seem to be time enough for everything one wants to do. Labors on investment management and economic trends plus getting into and out of New York City take up most of each business day. However, on weekends we take many trips to a family place in New Hampshire, visit in Massachusetts on the North Shore, or just stay in exurbia for a swim, barbecue, or some other quiet activity. Deborah has been busy as president both of the local garden club and of her women's society, as member of the D.A.R. and a committee for a new school, as hostess for senior citizens, and as deaconess of the large Congregational Church here where I have been serving as treasurer for about five years.

We take much pride in our offspring and their offspring. Our eldest, Joan, a graduate of Colby College, is raising a family of boys in Watertown, Connecticut. Our elder son, Peter, graduated from Harvard in 1954, spent two years as a lieutenant in the Army artillery, then obtained a master's degree and a lovely bride, and is now at Chapel Hill writing a thesis for a doctorate. Our youngest, Win, is in school here and does a little coin collecting with his dad. It is easy to see that we must try to stay young.

Besides the Marine Midland Trust Company, my associations include the New York Society of Security Analysts, Westchester Coin Club, Association of Harvard Chemists, and Harvard Club of Westchester.

I continue to be vice-president and secretary of Morehouse-Barlow Company (formerly Morehouse-Gorham Company), publishers of books and supplies for the Episcopal Church. Specifically, I am editor of the *Episcopal Church Annual*, and of the *Episcopal Church Fellowship Series*, textbooks for church schools. I am also a lieutenant-colonel in the United States Marine Corps Reserve.

In 1955 and 1958 I attended the triennial General Convention of the Episcopal Church as a deputy from the diocese of New York, and served as chairman of the committee on dispatch of business in both conventions. In 1956 I was a member of a five-man delegation to visit and study the Church of South India, and that trip involved my first (but I hope not my last) journey around the world, as I went out via Italy and Lebanon, and back via the Philippines, Okinawa, and Japan. I hope to attend the Class Reunion in 1960, and marvel again at how my classmates age while I remain young.

P.S.: Jack Bruce and I now have two grandchildren in common. Can any other classmate equal that record?

IRA VICTOR MORRIS: Writer. *Home and Office Address*, Rozay-en-Brie (Seine et Marne), France. *Married*, Edita de Toll, 1925, Paris, France. *Child*, Ivan, Harvard '46, Nov. 29, 1925 (*m.* Ayako Ogawa).

After some years of publishing and newspaper work, I turned to creative writing. Since then I have written and published seven novels, a vast number of short stories and a good deal of non-fiction work. Most of my books have had foreign editions, and my last novel, *The Paper Wall*, is appearing in French before the English and American publication. I have made my home for a good many years at Rozay-en-Brie, in the farm country to the east of Paris. A new long novel is in progress, set in Sweden and Russia at the end of the first World War.

I continue my practice as a family and fiduciary lawyer as a partner in the firm of Hawkins, Delafield & Wood. In early 1959 I bought "a house in the country" on a high point in Armonk, Westchester County, where on clear days we can see across the sound to Long Island. During daylight-saving time I am a commuter and take off Fridays from the office. I enjoy making compost for my wife's organic garden: we never burn leaves. In 1957 we took a trip to California and have done some other mild traveling east of the Mississippi. Besides spending time with family, friends, books, tennis and the never-ending work of learning to be the Person I might be, I am active in: Madison Avenue Presbyterian Church; New York Presbytery; New York City Mission Society; Academy of Religion and Mental Health; The Searing Schools; Harvard's Dumbarton Oaks Research Library and Collection, Washington, D.C.; Josiah Macy Jr. Foundation; New York Cancer Research Institute; and National Information Bureau.

I still keep up an interest in the out of doors with the usual trips to Canada, and in 1958 did some salmon fishing on the Alta River 400 miles inside the Arctic Circle in Norway — a very interesting experience. The following events of possible interest have occurred since 1955:

1. Because of the death of my partner, Harry H. Van Aken, in 1955, our firm name was changed from DeWitt, Van Aken & Nast to DeWitt, Nast & Diskin on January 1, 1957.

2. My third and fourth granddaughters were born, respectively, in May, 1956, and July, 1957. These happy events were overshadowed by:

3. The death of my son Peter on February 24, 1958. He was a first lieutenant and a trained helicopter and fixed wing Army aircraft pilot attached to the aviation section of the Headquarters Company of the 42nd Infantry Division of the New York Army National Guard. While on a training flight with another officer between Amityville, Long Island, and Westover Air Base near Springfield, Mass., his plane, taking off from a refueling stop, hit some high tension wires and fell to the ice in the Connecticut River. Peter was killed instantly and his co-pilot severely injured.

4. On March 1, 1957, I was designated commander of the 42d Infantry Division of the New York Army National Guard in the place of the former commander, who retired on February 28, 1957.

Promotion to major general in the Reserve Corps and in the National Guard followed in due course, with date of rank November 10, 1959.

5. In pursuance of my military avocation, I attended the U.S. Army Command and General Staff College at Fort Leavenworth, Kansas, from January 2 to May 1, 1959, and completed that course successfully. It was far more difficult than any semester I can recall while a student at Harvard.

During these thirty-five years out of college I have led three lives in the field of education. I have been director of a camp for underprivileged boys, master at the Boston Latin School, and director of religious education at Temple Israel, Boston. There has been no change during the past five years except that I have discontinued my camp activities and now remain in camping only in an advisory capacity.

Galvin, Jr.); Gordon Harris Bennett (step-

son), July 1, 1941. *Grandchildren*, Stephen Douglas Galvin, Oct. 31, 1959.

Classmates, observe two noteworthy events: I have responded to a Class Reunion questionnaire, and have at last become a benedict, having married and acquired a family.

Above the entrance of the Dexter Gate to Harvard Yard appears the inscription, "Enter to grow in wisdom," and over the exit is carved, "Depart better to serve thy country and thy kind." I have never forgotten those significant words in traveling the highways of life, learning that wisdom derives not so much from books as from experience, which invariably teaches us the hard way. Consequently I have been guided by the latter half of the above advice.

I served my country during World War II, first in 1942 as a member of a three-man War Price and Rationing Board, and second in 1942-43 as a radio technician in the U.S. Army Air Forces, having succumbed as an eligible forty-year-old bachelor to the beckoning of the draft. Some fun, especially when one can boast the dubious distinction of being the only Pfc. in the entire Class of 1925! (There were plenty of captains, majors and colonels.)

On discharge I worked for fifteen months at the Foxboro Company which made precision recording instruments under war contracts. Any spare time I devoted to my father's insurance business. Since his death in 1957 I have continued the agency under my own name, thereby preserving my independence as a small businessman who is his own boss; advantage — no union troubles; price tag — sole responsibility.

I have never been attracted to public office, but have served my community on various committees such as insurance, finance, highway safety, electric power plant and the like. I have been a trustee of Bethany Congregational Church and Foxborough Cemetery Corporation, a corporator of Norwood Hospital and Foxborough Savings Bank, a director of the local community chest. Also am a member of Foxboro Lions Club as past president, Excelsior Lodge, I.O.O.F., American Legion, National Association of Insurance Agents, institutional representative of Boy Scouts of America for ten years, and member of "The Society in Dedham for the Apprehension of Horse Thieves," the oldest organization of its kind in the United States. Don't laugh; it really exists!

Wrestling with taxes, business and family problems, I live a comparatively simple life in a small, but rapidly growing com-

munity half way between Boston and Providence, and not far from Cape Cod where I have a comfortable summer home at Falmouth Heights. Tried to be brief, but had to make up for the last two Class Reports. 'Nuff said; see you at the Thirty-fifth Anniversary Reunion.

Chester Reynolds); Catherine Palmer, 1944.

In 1960 our parish celebrates its centennial. I now have a full-time curate. For nearly four years I have been part-time Protestant chaplain in Rockland State Hospital. And so the ministry continues to be of absorbing interest to one who first thought of it in freshman year, at an orientation lecture in Smith Hall, on the river Charles. With every recurring anniversary I value increasingly my good luck in moving from Roxbury Latin School to Harvard, almost by chance!

My interest in debating has increased, with two results: I have had a small share in the tremendous progress that Harvard has made in this activity; and last spring I was a judge in the National Intercollegiate Debating Championships at West Point, where Harvard had reached the finals in 1957. It was a most stimulating experience.

I took the whole family on a camping trip to the west coast in 1956, another wonderful experience.

FREDERIC COURTLAND PALMER: Architectural Designer. *Home Address*, "Dunstaffnage," East Haddam, Conn. *Office Address*, East Haddam, Conn.

Except that the names of the historic buildings or those of the private clients would be changed, there would be little to distinguish the 1960 report of my activities from that published in 1950. My architectural services continue to be in reasonable demand.

The restoration of New London's Hempsted House was my most important archaeological work. The more recent restoration, decoration and furnishing of the Mansfield House for the Middlesex County Historical Society turned out to be the most appealing to the general public.

During 1959, because of the determined effort of a few local residents, the once famous Connecticut River landmark, here in East Haddam, the Goodspeed Opera House of 1876 (later known as Goodspeed's Folly) was saved from imminent destruction by the state and was deeded with over four acres of river frontage to a new tax-exempt Foundation, which now with general and influential support is raising over half a million dollars to restore the Opera House to its former Victorian splendor. Under the direction of the Foundation, a theatre with modern equipment and services will be contained within the shell of this unique structure, which towers five stories above the steamboat dock. The theatre will be the nucleus of a cultural center, served by the adjacent hotel of the same period and complemented by a marina and public park and picnic area. Quite unpremeditatedly, I find myself at the vortex of all this development, as an original incorporator and then as a trustee, and now as head of the architectural restoration of the building.

I continue to lecture on architecture and life in the Colonial period in Connecticut. My diversions continue to be keeping the collection of classic Rolls-Royce cars running and maintaining my old house, which, with three others in the restoration of which I had a hand, appeared in *The Second Treasury of Early American Homes*, 1954, by Richard Pratt. Of this publication, *Time* said: "Shows, entirely in color, fifty-seven of the nation's most beautiful homes."

Still in private practice limited pretty much to the estate planning, probate and real estate problems of the average American from Main Street.

As the melody of "Life Begins at Fifty" lingered on, I decided it wasn't such a bad idea and I began to devote an increasing amount of time to indulge in my personal preferences which are mostly reading, conversation and the discussion of current affairs. Particularly do so-called controversial subjects fascinate me — if indulged in with good humor and respect for the right to dissent. I have been helping promote the study and discussion of foreign affairs and to help create, in my small way, an interest in effective world law and federalism without resigning ourselves to the blight and tyranny potential of a homogenizing world government. Otherwise, the enduring satisfactions of my life, as I see it, are close enough. I find them with my family and friends and in the pleasures of my library, home and garden.

For the past five years, I have been working at a trade I learned at the Harvard Law School — namely, that of being a lawyer. I can testify it was easier being a judge. I now have to work for a living. My specialties are criminal law and family law, though occasionally another type of case wanders into my office. In my matrimonial practice, I have become the Harvard Law School's gift to lunatic ladies — God bless them — but how they like to take their darling husbands for every dime. They all read the chapter in my book, *The Truth About Divorce*, entitled "The Husband Pays."

Seriously — practising law, teaching law at New York University Law School, writing occasional articles on law, occasional research (e.g., the critical analysis that I did of American policy on

narcotic drug laws for the American Medical and American Bar Associations) have made for a busy life. I have had a great deal less time for the strictly civic and *pro bono publico* activities. I still, however, continue my interest in such organizations as the Citizens Committee on Children, American Correctional Association, and various bar associations.

Time passes for all of us, and those who live in foreign countries may wonder what impression we make on the natives. An ugly book has appeared on this subject recently. Last year we visited Tuscany after an absence of many years. I got off the train carrying a well-wrapped umbrella, a tennis racquet and a typewriter, feeling for all the world like "the private secretary" in the play of that title. I came alive when one of the onlookers shouted, "*E arrivato il Major Thompson!*"

It is now twenty years that we have been married, and my wife has thus far endured a character full of fads, foibles, fussiness and contradictions. Do we mellow with age, and if not, why? I often wonder.

Italy is rapidly becoming industrialized, which is all to the good, but the Italians realize the dangers of "dehumanization," the tide of which they would stem. Politically there is improvement, but there are things yet to be achieved. In the meantime it is nice to live in a country where one may still sit down at the dinner table when entertaining guests. A well served dinner is conducive to good conversation, and, as my father-in-law used to say, "One does not grow old at the dinner table." I would like to believe this.

I have spent a rather lonely five years since the death of my well-loved spouse; but contact with young people, two summer school sessions, singing in church and two choral groups, attending one football game a year, digging in the good earth, together with occasional concert and theatre trips to the city to rub off the country rust, all make life worth living.

I have a new one now, "Amy D." — using the same plans plus improvements thought up over thirty-two years: perfection.

I have now given up representation of chemicals, as my time is taken up with the importation of wines, beers and spirits into Canada. Currently I am president and a director of the Wine and Spirits Representatives Association of Canada. I have been to Boston a few times in connection with our Class activities, but not as often as I should like. I became a Canadian citizen in 1958, and my wife followed suit in 1959. During the past five years, and as of this time, I report briefly as follows: I am president of the Harvard Club of Lowell. I was co-captain of A Program for Harvard College in this area. My principal interests are concerned with the education of my two sons, Stephen, who graduated from Phillips Academy last June, and who is now a freshman at Cornell, and Jeffrey, who has just entered Phillips Academy.

My directorships are of the following manufacturing corporations: Union Gear & Sprocket Corporation, Union Ultra-Sonics Corporation, both of Quincy, Massachusetts, and De-Wire Manufacturing Corporation, Lowell, Massachusetts. Diversions are meeting with my classmates and friends, over a drink or two, or, otherwise, taking care of my too-large lawn, reading and amateur radio.

GEORGE ROUNTREE, JR.: Lawyer. *Home Address*, 2310 Metts Ave., Wilmington, N.C. *Office Address*, Rountree & Clark, 212

Princess St., Wilmington, N.C. *Married*, Helen E. Johnson, June 28, 1930, St. Paul, Minn. (divorced 1946); Ada Underwood, Dec. 6, 1952. *Children*, George Rountree, 3d, Aug. 10, 1933; Isabella Frances, Nov. 7, 1937.

I have been engaged since 1929 in the general practice of law, first with my father, George Rountree, of the Class of 1877, until his death in 1942; thereafter I practised alone until 1958 when the present firm was formed with George T. Clark, Jr. My practice is general and varied, involving all the bag of human troubles from abandonment to zoning — even disintegration. In Carolina, hunting, fishing and golf are like the Old Howard: never out and never over.

HARRY ERNEST RUBENS: Patent Lawyer. *Home Address*, 6460 Penfield Ave., Woodland Hills, Calif.; 2 Sutton Pl., S., New York 22, N.Y. *Office Address*, 11 Park Pl., New York 7, N.Y. *Married*, Jeanne Carrol, Sept. 4, 1930, New York.

In 1956, after completing twenty-five years of effort in science and law, specializing as a patent lawyer, I set aside a good portion of my time for some philanthropic activity. Listing human problems in the order of their importance, I found one near the top of the list, which although seemingly hopeless of solution, nevertheless appealed to my investigating and inquiring talents. Cancer has baffled all since time began, but it seemingly offers a closer solution than war and death. I could do no original work, but remembering that penicillin was buried in the literature until some prying eye unearthed it, I set about reading and sifting the facts. (I even tried to interest I.B.M. in the statistical problem.)

After three years I arrived at these conclusions: That cancer growths are supported by an endocrine imbalance; that certain forms of short wave irradiation are stimulating to the endocrine glands; and that endocrine stimulation can bring about endocrine balance and retard cancer growth. (These conclusions are discussed in greater detail in "An Engineer Looks at the Cancer Problem," *Harvard Engineering Bulletin*, October, 1956.) Only one doctor has responded to my efforts to test these conclusions. With his help, I have set up a small project in a hospital. Seemingly favorable response of a few patients has justified extension into a larger group, which is now being undertaken.

Concurrently, I have undertaken to perfect an instrument for

determining the degree of endocrine imbalance. Such an instrument will eliminate the blood sampling before and after treatment.

I have been informed by an authority that orthodox treatments involving surgery and X-rays will actually reduce the life expectancy as against untreated patients. There is a real urgency in our efforts.

I am still active as treasurer of Seamans Supply Company, Inc., electrical distributors serving New Hampshire and Vermont. Since our last Class Report it has become the oldest of its type in the area. As each year rolls by we are happier with our way of life — an active small business permitting our living in a nearby charming country village.

My first summer job during prep school was in New Hampshire, working for the Appalachian Mountain Club, just forty years ago. I have now been back for fourteen years, after successive selling positions in Pinehurst, North Carolina, for Telechron Clocks in St. Louis, and covering the entire country for Sylvania Electric.

From 1957 to 1959, I was Deputy Postmaster General of the United States. In October, 1959, I was appointed United States Ambassador to Finland. My principal interest is in good government and our foreign policy. Perhaps on my third and final retirement I may get my fill of outdoor life. Incidentally, I shot on the U.S. Olympic trapshooting team in the world championships in Moscow, Russia, in August, 1958.

Since our last Reunion I have been resident in Mexico City, as president of Cia. Industrial Farmaceutica-Quimica, S.A. de C.V., which I organized and financed for the processing, promotion and sale of prescription pharmaceuticals and chemicals. Meanwhile,

my daughter Joanna was graduated from Radcliffe in 1956 and became an editorial associate of *Art News* in New York City.

In January I liquidated the firm in Mexico and now have returned to the New York-Boston area to carry on the same type of business throughout Latin America, Africa, Europe and the Far East, which will permit us to be nearer to my daughter and to my father, Harvard '01.

Crockett, June 24, 1933, Douglas, Mass. *Children*, John Sanford, 3d, July 7, 1934 (*m.* Nicole Lair); Ruth Anne, Oct. 19, 1936 (*m.* John C. During the summer of 1958, Ruth and I went on an automobile tour of the more important scenic and historical sites of Pennsylvania and Virginia in celebration of our twenty-fifth wedding anniversary. Travel has always been one of my principal interests.

Last September I sold my insurance agency after ten years of successful operation. Now I am in a position to devote more time to real estate. In 1953, I became a charter member of the Franklin Lions Club. I was secretary-treasurer for five years until I resigned last July. This is my sixth year as a director.

I am presently endeavoring to finish *The History of Franklin, New Hampshire*, upon which my mother worked for thirty years until the time of her death. I have been a member of the New Hampshire Historical Society for many years. Three years ago I

became a member of the New England Historic and Genealogical Society.

JAMES HUBERT SHEPARDSON: Director of Admissions of Preparatory School. *Home and Office Address*, Williston Academy, Easthampton, Mass. *Married*, Olive Mae Mann, September, 1929, New Lebanon, N.Y. *Children*, Janice Mae, June 17, 1930 (*m.* Mr. Weisel); Philip Chapin, Nov. 23, 1934 (*m.* Eleanor Placzek); Richard Payson, June 9, 1943. *Grandchildren*, James Shepardson Weisel, June 2, 1952; John Charles Weisel, April 13, 1955; Susan Ann Weisel, May 11, 1958; Steven James Shepardson, April 28, 1957; Lisa Ann Shepardson, June 29, 1958.

Pretty much the same status quo: I continue as director of admissions at the Academy, which has become quite demanding these past three years with the impact of the war babies, increasing anxiety over college entrance, and hence a developing and completely comparable situation at the secondary level, with multiple applications, increased personal interviews, and general acceleration of the many details incidental to admissions.

I served for two years as president of the Association of Admissions Officers of Independent Schools, and currently am a member of the Admissions Committee of the Secondary Education Board.

I still enjoy golf as frequently as business allows, and bridge is still a regular pastime. I trust that we may have a good Reunion and that I can attend.

Nothing of any special consequence has happened since our previous Class Report. I continue to be hard at work practising law and trying to make such contribution as I can in the complex field of labor relations.

I did manage to get away with my wife this fall for a seven-week trip through southern Europe. We ended up in Paris, where we spent two delightful weeks with our daughter, Judy, and her husband, Richard S. Field, Harvard '53, and our grandchildren, Andy and Nancy (ages five and two, respectively). They are living in Paris where Dick, who is on a Fulbright, is completing his work on Gauguin and hopes to get a Ph.D. from Harvard in the field of fine arts.

After being chairman of the Division of Liberal Arts of Rhode Island School of Design, I was made chairman of the Division of Architecture four years ago. This division includes the departments of architecture, landscape architecture, and interior design. I am a member of the Rhode Island chapter of the American Institute of Architects and have served as chairman of several committees. For the past four years, I have served on the National Committee of Awards and Scholarships of the A.I.A. I am an associate member of the American Institute of Planners and the Boston Society of Landscape Architects. Have lately served as a consultant for the College Hill Redevelopment of Providence and am now serving as a member of the Design Task Force for the Downtown Redevelopment of Providence.

Of greatest interest in our lives have been two trips abroad during the past five years: 1955, Holland, France and England; 1958, Greece, Turkey, Yugoslavia and northern Italy. During these trips my wife and I could enjoy areas we have always wanted to visit, but also I was able to take hundreds of photographs of important monuments for my own use in my lectures on the history of architecture and the use of other instructors in the school.

During the last five years I have continued to work in the same field of archaeology. Although most of my time was spent in Cambridge writing up a backlog of work, I did spend one winter in Yucatan, Mexico, and two in Guatemala. Up until July of 1958, I was on the staff of the department of archaeology of Carnegie Institution of Washington. At that time the Carnegie Institution abolished its department of archaeology; so after thirty years of association with that institution I transferred to Harvard. Fortu-

nately this new position enables me to carry on the work I am most interested in and gives me the opportunity to get into the field from January to June. Publications: *Archaeological Reconnaissance in Central Guatemala*, Carnegie Institution of Washington, 1955; various reports on Middle American archaeology.

Telefonica Nacional, Caixa Postal 709, Av. Rio Branco, 99, Rio de Janeiro, Brazil. *Married*, Georgie Alexandra Pirie Bremer, July 4, 1931, Montevideo, Uruguay (divorced 1957).

Am continuing as telephone traffic consultant in the Cia. Radio Internacional do Brasil and in the Cia. Telefonica Nacional, both of which are associates in Brazil of the International Telephone and Telegraph Corporation. Visits to other South American and Caribbean countries are frequent, but unfortunately vacations and trips to the USA have never coincided with a Reunion year — and never yet in June. Perhaps I shall make the 1975 Reunion! Have been traveling constantly for several months and was on part of the President Eisenhower trip to South America. Work and trips during recent years seldom permit me to sail on the Guanabara Bay, my only hobby since transfer from Argentina to Brazil in 1952.

Have had my nose on the grindstone for the past seven years at Douglas, trying to keep all the taxes paid and have enough left over to live decently and keep out of debt. And that's a full-time job, seeing the magnitude of the tax burden the Harvard Democrats have saddled us with.

LENDON SNEDEKER: Pediatrician — Hospital Administrator. *Home Address*, 30 Dudley St., Brookline 46, Mass. *Office Address*, Children's Hospital Medical Center, 300 Longwood Ave., Boston 15, Mass. *Married*, Elizabeth Frothingham, March 31, 1933, Glen Cove, Long Island, N.Y. *Children*, Nancy Frothingham, Aug. 16, 1935 (*m.* Roy Wheeler, Jr.); Mary Elizabeth, Aug. 8, 1936 (*m.* F. Since 1950 I have continued in my post, now as assistant director at what has recently become the Children's Hospital Medical Center. Our institution continues to draw students from many countries and to tend to the ills of children from all over New England. Our activities continue to proliferate, and developing and reforming them has continued to be interesting and absorbing. Last fall we celebrated our ninetieth anniversary.

We continue to live in Brookline thankful for the proximity of home and office, unusual in many parts of the country. We also continue to enjoy the outdoors in a variety of ways and hope to keep on doing so. We have no special accomplishments to report.

Our two oldest daughters are married and this fall we had a brief visit from a granddaughter who warrants further acquaintance somewhere else ahead of us. We prophesy that there will be others. There are no present prospects of our adding to the Harvard family.

I have had active committee relationships with the American Academy of Pediatrics and United Community Services in Boston.

JOHN VICTOR VON SNEIDERN: Lawyer. *Home Address*, 43 Oriole Ave., Bronxville, N.Y. *Office Address*, 44 Wall St., New York, N.Y. *Married*, Mildred L. Little, Sept. 23, 1929, New York, N.Y. *Child*, John Victor, Jr., Nov. 29, 1935.

No significant changes since the last Report. I have recently been elected a trustee of Sarah Lawrence College, where we are very busy with a substantial expansion program.

My son John, Jr., won his commission as ensign, U.S.N.R., on February 5, 1960, and is now serving aboard the USS *Northampton*. Gardening has become my chief hobby, and I find it very satisfying.

There has been very little change for me since the 1925 Report. For a brief period I was in Boston as assistant to the vice-president for freight sales, which was followed by return to New York in the same position in charge of sales for the eastern territory. On November 1, 1958, I was appointed to the newly created New York Central System position of assistant to the vice-president for freight sales and service.

On the whole, no great event or change has happened since our last Report. I realize that age is creeping up on us. In this regard, having a young daughter of thirteen at home is an incentive to keep active, but for how long? My son, Samuel D., is in his junior year at Brown.

I am still in government service, but have changed my field of activity from foreign aid to post office. Object: to cut down on foreign travel. Result: I've just returned from two weeks in Russia.

I have reached the age in life when I have begun to live through children and grandchildren. I find it a mellow age indeed, completely eclipsing the trappings of the age of ambition.

WALDO CHAMBERLAIN SPRAGUE: Historian General. *Home Address*, 419 Highland Ave., Wollaston, Mass. *Office Address*, Genealogical Society of Mayflower Descendants, 9 Walnut St., Boston, Mass.

Since 1955 I have finished work at the hospital where I was for twenty-three years and have taken over new work which is of far more interest to me, and which has been one of my hobbies for many years past, but now becomes my occupation as well. From now on I shall hope to do things I like to do, not things I need to do for a living. I have also published a couple of short works of an historical nature that entailed research in local fields that have long taken part of my time. And furthermore, I have taken time off to fulfill my long-delayed desire to travel some. I spent a couple of summers in Europe, chiefly in England, where I also tried my hand at some genealogical research with a fair amount of success, thus killing two birds with one stone.

The past five years have found my real estate endeavors mainly on the fabulous Spanish Main. And don't think that the piratical heritage has been dissolved. Anyhow, it has been most interesting to be working on the building of hotels, airports and real estate developments of various kinds in Nassau, Jamaica, Cuba, Haiti, Grand Cayman, and even Ciudad Trujillo. At present the activity possible in San Domingo, Cuba and Haiti is, to be kind, negligible. But we did have some experiences, such as the *coup d'etat* in Port au Prince among bullets, that we are happy to be able to relate.

RALPH ISIDOR STRAUS: Investment Management. *Home Address*, 50 E. 77th St., New York 21, N.Y. *Office Address*, 331 Madison Ave., New York 17, N.Y. *Married*, Katherine Mulvane Maffitt, Aug. 6, 1957. *Children*, Thomas Percy (by previous marriage), April 5, 1935 (*m.* Carol Herschel); Bradford Peter (by previous marriage), Harvard '59, Jan. 29, 1937; Katherine C. Maffitt (stepdaughter), April 7, 1933.

The five years since the last Report have been eventful and interesting. I was married in the summer of 1957 to Mrs. Katherine Maffitt and also acquired a charming stepdaughter, a graduate of Vassar. Because of my personal interest in the foreign relations of our country, I have tried to expose my boys to travel. In the fall of 1954, my younger boy and I traveled throughout Europe as far as Turkey before he took a year at the University of Grenoble. Since then he has graduated from Harvard, 1959, and is currently an army draftee assigned to West Point as an instructor in "sky-diving" — a sport, if one can call it that, in which he is greatly interested as well as experienced.

My elder son, Tom, and I went around the world in the summer of 1955, spending our non-flying time visiting almost all the non-Communist countries of the Far East. Since then he has graduated from Yale, 1958, married and entered the Navy. Currently he is an ensign in Air Intelligence, stationed in Honolulu — certainly not a rough assignment.

I personally have done several stints for the Government. I was co-author of a report, "Accumulation and Administration of Local Currencies," prepared for the International Cooperation Administration, gathering data for which took my wife and me to eight countries in eight weeks, from North Africa through to Finland, in the spring of 1957. Shortly thereafter we spent six months in Washington where I was a special consultant to Doug Dillon, Under Secretary of State for Economic Affairs, during the prepara-

tion of a report entitled "Expanding Private Investment for Free World Economic Growth."

This winter my wife and I are taking a trip through Central Africa as part of a special study group of the Council on Foreign Relations in New York. I do hope I shall be able to get back to Cambridge for our Thirty-fifth Anniversary Reunion.

Since the Twenty-fifth Anniversary Reunion, I have continued working at the Albany Academy, where I have developed a reading center for pupils not connected with the Albany Academy. We teach both developmental and corrective reading. During the year we run these sessions on Saturdays; during the summer, concurrently with the Albany Academy Summer School, of which I am director. In both of the above, we admit both boys and girls as pupils. Over the past ten years we have worked with well over two thousand boys and girls in the Capital District area. In addition to this, I handle the corrective and developmental classes at the Academy.

My wife is a grade teacher in the Albany Public Schools; my

son, Bob, Harvard '53, also teaches at the Academy. Six years ago we moved from the city to a small house in the Saddlewood section of Colonie, where we are accompanied by three dogs of good courage but mixed ancestry. Every year we get to Canada for the Shakespearean plays at Stratford, Ontario.

Vice-president of the Associated Hospital Service of New York (Blue Cross). Through arrangements with the New York Blue Cross, I have served as consulting actuary for a number of Blue Cross-Blue Shield plans.

My wife and I have two hobbies which we enjoy greatly: square dancing and traveling. Only another dyed-in-the-wool square dancer would understand the pleasure we get from our weekly dances plus occasional weekend and summer vacation dance camps. Since our children graduated from college, we have taken four trips to Europe and one to Hawaii. We like to read up in advance, try to get a little of the language, and then rent a car in the foreign country and see it on our own at leisure. Because of our travels in France we have taken an interest in studying French and are eager students at the adult education course in conversational French in a local school.

I continue to enjoy the sports in which I have engaged for many years, badminton and swimming. I am a member of the board of trustees of the Larchmont Avenue Presbyterian Church.

During the past five years I have been minister-in-charge of the Church of the Good Shepherd in Boston. In addition I have been Protestant Chaplain of the United States Public Health Service Hospital in Brighton, and of the Rogerson House (for aged men) in Jamaica Plain. There are not enough hours in the day to cover all the work these jobs entail. However, my wife and I managed a month's trip to England and Scotland in the summer of 1956 and a week of tenting in Cape Breton during the month of August in each of the last three years.

As president of the Altar Guild at Christ's Church in Rye, New York, Virginia is kept busy polishing the Queen Anne silver — and even busier at home brushing poodles. My principal interest: trying to get tenth-grader Linda into Vassar or Wellesley. Diversion: relaxing at the Apawamis Beach Club.

My business activities these last five years have been interesting and most rewarding. I was one of the founders and first president of a national bank in September, 1956, which, during its first year, had the largest growth of its kind in the United States. In less than three years its resources reached almost twenty-five million. In August, 1959, I sold my interests in the bank, and resigned as its president. During this period, I was also president of a Miami Beach bank. For a period of over a year, I was president of two banks.

Diversions: Pride myself on having built an unique atomic-bomb-shelter with complete self-sufficient equipment, including an independent light and power supply for same. Shelter has provision for complete protection from atomic fall-out. My only wish in this venture is that every family in our nation be supplied with a similar shelter; mine provides for sixteen persons.

Nothing really new since the last report except I am sure that I am more than five years older. Three sons, the last one with a struggle, have graduated from Harvard, and I have spent quite a little time on A Program for Harvard College during the past two

or three years. I might add that the record of the Class as a whole compared with others of our vintage is nothing to boast about. If any of you have a guilty conscience, the treasurer is still in a receiving mood.

There has been no change in the statistics except age, and very little change in my activities since the Twenty-fifth Anniversary Report. Increasing time given to Boy Scouts cancelled my fire department duties as my major contribution to life in the suburbs. There are many minor items, committee work, serving as district chairman for the Community Chest drive, and the like.

See the Twenty-fifth Anniversary Report — that's me for better or worse. This whole sheet is probably too late for anything but the scrap basket; just found it misplaced among scads of the inevitable fourth class mail that seems to follow a degree as the night follows the day. Good luck to all! P.S.: Our way of life now includes wintering on a houseboat (*Here's How II*) in Florida waters. It seems that not quite everyone has made it there yet!

Have grown a little grayer and five years older since the last Report. Still on the same job as sales manager of the Leather Chemicals Division of Rohm & Haas Company, traveling over the country from Maine to California visiting tanners and finishers of all kinds of leather.

Family-wise: Susan finished her course in nursing at the University of Rochester, received her B.S. and R.N., and then on June 20, 1959, was married to Dr. Robert Louis Coda of Kankakee, Illinois. They are now in Salt Lake City, where Dr. Coda is a resident at the University of Utah and Susan is clinical instructor in operating room technique at St. Mark's Hospital.

dren, Talbot K., April 23, 1937; Donald William, Jan. 28, 1939; Stephen Z., Jan. 31, 1942; Susan Hamil, June 13, 1944; Elizabeth P., Jan. 28, 1947.

During the past five years, the Weggs have established a homestead on an island in Puget Sound, accessible only by ferry, and are developing the parochial view of island dwellers which has been falsely branded by off-islanders as eccentric.

Since strawberry farming, the island's only industry, is monopolized by our Indian neighbors and moreover is highly unprofitable, economic necessity leads me to commute daily to Seattle, where I am directing the city's urban renewal program with enthusiasm and satisfaction.

The two older boys have left the parental hearth, one for oceanography via the U.S. Navy, the other for ski business. Stephen and Susan are in regressive, British-type boarding schools which teach solid subjects, manners, and the de-emphasis of the adolescent. It is good for them and surprisingly they love it. Our youngest, Betsy, emerges from a little girl to a young woman, almost overnight, it seems. We still ski in the winter, garden and swim in the summer, and it is a good life.

Werner.

I have just begun my thirty-first year as instructor of Latin and history at Kingswood Academy, West Hartford, and my fourth year as professor of history in the Hillyer Night College Branch of the University of Hartford. I still find time to play a little tennis and hockey, although I confess my sons give me a rough time. I have also lectured on Lincoln to the West Hartford Daughters of the American Revolution, and have broadcast over WTIC on the same subject.

EDWARD GOODWIN WESSON died September 29, 1932, at Norlina, N.C.

FREDERIC MELVIN WHEELOCK: Teacher of Latin. *Home and Office Address*, Darrow School, New Lebanon, N.Y. *Married*, Dorothy E. Rathbone, Aug. 14, 1937, Exeter, N.H. *Children*, Martha Ellen, Sept. 24, 1941; Deborah Ann, July 16, 1945.

Five years ago I was making an excursion into the tourist business on a beautiful old Colonial farm four miles west of Cazenovia, New York, on Route 20. Soon, however, an offer from nearby Cazenovia Junior College lured me back to teaching. A coronary then interrupted my routine, but fortunately for only three months. Back at teaching, I was asked to be dean and to help the college through an emergency. That over, I was again free to return to teaching, which, frankly, appeals to me more than administrative work. Consequently, when Darrow School offered me an all-Latin program — a thing which had not fallen to my lot for twenty years — I was delighted to accept it, and here I am.

In 1955 my *Latin, An Introductory Course Based on Ancient Authors* was published by Barnes and Noble. It is a pleasure to report that it has been adopted by many colleges and universities from coast to coast and that it has been used by many individuals in their own private study of Latin.

In the summer of 1956 President Pusey asked me to accept the chairmanship of A Program for Harvard College. Setting up the organization for and heading the Program occupied a great deal of my time for two years, until Irving Pratt '26 took over my position as chairman in the fall of 1958. ment bankers, and have also continued to serve as president of the American Museum of Natural History. I have served as an Overseer of Harvard College since October, 1958, and as a trustee of Smith College since 1956.

I have continued along the same lines as in the previous five years in the United States Information Agency, except that since

Also covered conferences of the International Confederation of Free Trade Unions. Did a lengthy article for the November, 1959, issue of *Social Order* on "The ILO — Its Fortieth Year." Who's Who in the East tells my story, except that I did write a little innocent sermon on my nine Pilgrim ancestors on the *Mayflower*, entitled *Cupid's Path in Ancient Plymouth — the Last Pilgrim Houses*. Although based on church, court and land records, it was banned in *The Mayflower Quarterly* of the Society of Mayflower Descendants.

Within a few months my son Judson, A.B., LL.B., will appear with me before the Court of Appeals of Maryland, at Annapolis, Maryland. Judson and Sarah are expecting to increase my grandchildren by at least one. I hear that my cancer research son, Sumner Jr., a captain in the U.S.A.F. medical corps and assistant professor at Johns Hopkins School of Medicine, expects to become an associate professor at age thirty. Captain David Wood, M.D., Johns Hopkins '54, is a pediatrician who will practice in Baltimore, Maryland. Brooks is at the University of Virginia, Class of '63. Wriley, Univ. of Maryland School of Medicine '63, has informed me that he will get married this June and let his wife support him, so he will become the fourth of my sons to put a sweet girl to work — like marrying a meal ticket. I already have begun to caution my daughter against marrying any unemployed student.

After thirty years of an active business career, I finally made the break in 1957 and retired to the sidelines. Incidentally, the transition from a full load of pressure and responsibilities to a modest downtown office where I come in out of the rain and read my *Wall Street Journal* is not — as I had been led to believe — hard to take at all. If you're flirting with the idea, stop by and I'll sell you on it.
